

# WESTERN SENATORS HUDSON TERMINAL, NEW YORK: W. G. McADOO, WHO EVOLVED IT

## Are Strongly Opposed to Free Raw Material

WASHINGTON, July 20.—The Republican members of the tariff conference have been invited by a group of tariff reformers to meet at the White House tomorrow night to discuss the tariff.

The invitation was made by a group of tariff reformers, but it is not expected that the tariff reformers will be able to get a majority of the tariff reformers to meet at the White House tomorrow night.

Speaker Champ Clark, of the tariff conference, declined the invitation, but he is expected to be present at the White House tomorrow night.

There was no indication of a lack of understanding between the members of the tariff conference and the tariff reformers.

Sen. Aldrich, of the tariff conference, declined the invitation, but he is expected to be present at the White House tomorrow night.

## WORLD'S RECORD

### IN RIFLE SHOOTING MADE AT WAKEFIELD

WAKEFIELD, July 20.—A new world's record for rifle shooting was made yesterday at the Wakefield range. It is claimed by Pessie Midshipman, Andrew D. Donny, U. S. N., of the Naval team, who scored 235 out of a possible 250. This exceeds by two points the new record claimed by Captain Ernest Eddy of the British team, who scored 233 out of a possible 250.

Dancing at Belle Grove tomorrow night.

## ROSA CAREY DEAD

LONDON, July 20.—Rosa Carette Carey, the novelist, died last night. She began her career as a novelist in 1888, her works, including "Robert and the Angel," "The Lady of the Lake," "The Highway of Love," and "The Highway of Fate."

## SUNBURN—QUICK CURE.

X-Zalia Liquid Takes Out All the Fire and Soon Heals the Flesh.

To stop the burning of sunburn, wet the flesh with X-Zalia. This liquid is so cooling, soothing and healing that it at once stops the pain and soon heals the flesh when broken out by the heat, chafed, burned by the sun or poisoned by insect bites or plants.

# STATE MILITIA

## To Protect the Coast From 9000 Invaders

BOSTON, July 20.—Members of the state militia await with intense interest the coming maneuvers, in which between 15,000 and 16,000 men will participate.

Massachusetts, especially near the coast line, will experience from August 14 to 21 all the sensations and thrills of actual war. An array of 9,000 men will land from transports somewhere along the coast, just when or where is not known and will be met and repulsed, if possible, by the entire militia force of the state, about 6,000 men.

From day to day there will be battles and skirmishes between the two armies.

Plymouth county will probably be the scene of the most important maneuvers, and Middlesex will very likely be the center around which will revolve the entire action, it is said.

Major General Leonard Wood, U. S. A., commander of the Department of the East, will be the chief umpire, and after it is all over will make an extensive report to the war department. Military attaches, representing all the foreign governments, will attend the maneuvers as spectators, as will prominent United States army officers and the governors of half a dozen states with members of their respective staffs.

Brigadier General William A. Paw of the Second Brigade, M. V. M., will command the Massachusetts troops, and the invading army will be commanded the Massachusetts troops, S. A., chief of the war college. The armies will be distinguished from each other by colors worn. The Massachusetts troops will be known as the "Blues" while the invading army will be known as the "Reds."

The invading army will be composed of militia from several states. Connecticut will send two regiments of infantry, one battery of light artillery, a signal corps and a troop of cavalry. New York, three regiments of infantry, three batteries of light artillery, four troops of cavalry and two signal companies. New Jersey, a signal corps and a troop of cavalry. The District of Columbia, two regiments of infantry and a battery of light artillery. Possibly there will also be a small detachment of regular troops.

Both brigades of the Massachusetts militia and also the First and Second Corps of Cadets will take part, devoting their entire energies to defending the state from invasion, and if it is necessary will try to drive the invaders out of the state.

"Nothing can be said just now of the exact form the maneuvers will take, for I do not know myself what the plans are," said Adjutant General William H. Brigham to a Post reporter yesterday. "General Leonard

# LOST IN WOODS RECORD BROKEN A MOTORMAN

Charles Riley Found Man Granted Divorce in Knocked Out Several Militiamen

LEWISTON, Me., July 20.—Charles Riley of this city had a narrow escape from death in the woods near Biddeford pond in Weld last week. He had been in camp there and upon leaving undertook to take a short cut, lost his way and became bewildered. He traveled night and day for nearly a week in the woods in a tract not over a quarter of a mile square.

He was found by William Hines of Farmington, who was out in the woods looking for a spring. He heard cries and looking about found Riley on his knees digging in the earth and groaning.

Riley's clothes were nearly torn from his body and one foot was missing. When he left the camp he was carrying a rifle and a canteen, an extra coat, but that was missing. Mr. Riley was helpless and was wandering on insanity. His mind is a blank regarding his wanderings during a large part of the time that he was lost.

Mr. Hines took him to his camp and gave him food and provided him with whole clothes and then sent him to his home in this city.

LOS ANGELES, Cal., July 20.—All Pacific coast records for rapid divorces were broken this morning when Judge W. P. James granted an interlocutory decree of divorce to Albin M. Miller of the Pacific Electric system in just three minutes. There were just two witnesses.

"My wife just said goodbye and left me," said Miller. "I always treated her kindly and gave her no reason for deserting me." Miller then left the stand. H. Graves, a friend of Miller's, was the next and last witness. He testified to Miller's home life, having known him back in Boston, where Miller worked up to a year ago.

Judge James then granted the decree and three minutes had elapsed by the court room time piece.

The Millers were married in Massachusetts in 1903.

Tomorrow I. S. C. Belle Grove.

NORTH CHELMSFORD

Arthur W. Truett of North Chelmsford has been elected assistant teacher of manual training in Fitchburg. He was selected from a large number of candidates. He will succeed William Briggs who declined a re-election after serving as a teacher for 27 years.

Clayton Coolidge of Ogdun, Utah, formerly of North Chelmsford, where his uncle, George W. Sweet, resides, has been appointed inspector of small arms practice for the state of Utah, on the staff of Colonel Plummer of the First Infantry. He will have the rank of captain. The position was created by executive order, and the appointment made upon the recommendation of Adj. Gen. Wedgewood, Captain Coolidge is an enthusiastic all-round sportsman, a crack shot, and one of the best informed men on military matters in the west. He made the highest score at the recent revolver competition between the officers of Fort Douglas, state prison guards and officers of the national guard. Captain Coolidge has an aunt, Mrs. A. N. Smith, living in Lowell.

FOUR BIG MILLS ARE TO BE ERECTED IN NEW ENGLAND THIS SEASON

BOSTON, July 20.—That the cotton and woolen industries of Massachusetts can be improved within a few years is the opinion of several New England men, who are willing to back their opinion with \$10,000,000 put into four great mills, to be erected at East Boston, New Bedford and Lawrence.

It is planned to build a mill in East Boston, to be known as the Foss cotton mills, expected to cost \$5,000,000; two new mills at New Bedford, which will cost \$4,000,000 and a worsted mill to be added to the Arlington mills plant at Lawrence, which will cost \$1,250,000.

GRANITEVILLE

Laura McCarthy, aged nine years and daughter of Mr. and Mrs. J. J. McCarthy, fell from the milk wagon of her uncle, John Healey, Saturday morning, dislocating her right shoulder and injuring the ligaments of the arm. She was attended by Dr. W. H. Sherman.

YEAR IN JAIL FOR CHAUFFEUR WHO RAN DOWN A WOMAN

NEW YORK, July 20.—Edward Thompson, 26 years old, a boy-riding chauffeur, who pleaded guilty to taking out his employer's motor car without the owner's consent, was sentenced yesterday to one year in the penitentiary, for running down Mrs. Nora Lockwood and breaking her arm while out with the car.

DOUBLE TRAGEDY

Men Killed His Wife and Himself

DENVER, July 20.—While listening to the strains of the "Holy City" on a phonograph, Frank Farr, a resident of Arden, a suburb of Denver, shot and killed his wife, Edna, and then ended his own life with a bullet.

The couple had been separated for the last six months. The tragedy occurred at the home of Mrs. Farr's mother, Mrs. James Brown. Mrs. Brown had refused to allow her daughter to return to live with Farr, who, she claimed, had been drunk.

When Farr went to the Brown home he appeared to be in good spirits and asked his wife to play the record of the "Holy City" on the phonograph. This she did, and while they were listening Farr suddenly began shooting.

BOY WAS KILLED

Crushed to Death by an Elevator

BOSTON, July 20.—Harry Pernaioff, 5 years old, was crushed to death in a freight elevator in the Schwarz building at 20 Lyman street, in the West end, about noon yesterday, while taking a ride with his brother Nathan, 5 years old. The little fellow was caught between the basement and second floor.

The boys, who live with their parents at 114 Brighton street, had been sent to the North station to get stamps at the sub-postoffice. Nobody saw them go into the elevator, but it is

thought that they pulled the ropes and started up.

The shrieks of the older boy sent many rushing to the elevator well as they reached the first floor the body of Harry fell to the basement floor below. The older boy was unable to stop the elevator and he made a reckless attempt to jump through a window as the elevator passed it. Fortunately he was thrown back to the elevator floor, getting badly bruised.

At the second floor an employee in the building, J. Markovitz, jumped on the elevator and brought it to a stop. The older boy was almost hysterical from fright and ran from the building and a long distance up the street.

POPE INTERVENED

CASE OF PRINCE ROSPIGLIOSI TO BE REOPENED

ROME, July 20.—Through the direct intervention of Pope Pius

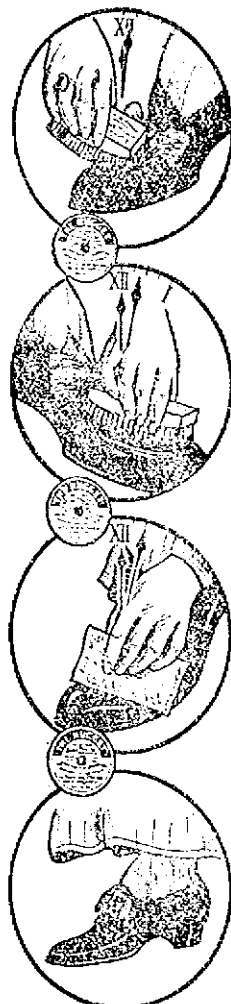

caused the reopening of the first marriage of his wife, who was Mary Jennings Reid of Washington, with Col. F. H. Parkhurst of Bangor, Me., will be resumed before the roca tribunal. The matter came up before the congregation of the propaganda a year ago, and at that time was decided adversely to the prince.

QUININE PILLS

CAUSED THE DEATH OF 4-YEAR OLD BOY

NEWTON, N. H., July 20.—Fifty quinine pills swallowed yesterday by John, the 4-year old son of Cecil Drake of Swanton, near here, caused the child's death in a few minutes. The father found the pills in his father's pocket and ran with them into the yard before they could be taken away. Half an hour later the body was found with the empty box beside the child.

## Quick and Easy with "Nugget"

Two minutes each day with "Nugget"—that's all. And then—your shoes will always look handsome and well groomed.

A "Nugget" Polish is not the common, every day "shine" of the boot black, but a soft, lustrous sheen such as you find on new shoes of the most expensive kind.

If "Nugget" did nothing more than this it would be enough, but—

It waterproofs the leather, too. Little time, little work and no smudging the hands or clothes.

"Nugget" comes in a little box at a tiny price, but it's a mighty big thing for shoes.

"Nugget" Polishes and "Nugget" Kits (a handsome little box containing a box of "Nugget," a brush and Selsol finishing pad) are sold at good shoe stores, drug stores, grocers, and by dealers everywhere.

10c a Box—Black or Tan

# Something's Going To Be Handed To You--

SOMETHING is going to be handed to you very shortly, and it is going to be free. It is going to be something new and different than anything ever before produced. You are going to go wild over it, just as thousands of other people have all over the country.

It is one of the most delicious mouth-watering foods you ever ate, and it is a remedy besides.

We are now going to tell you about it, in plain talk so you'll not forget it.

You, you and millions of people just as smart as you are, are walking around every day so stopped up they can't think.

They have been constipated so long that it has almost become natural for them to think thick, drag dreamily and work wearily.

They've become poisoned—brain, blood and body poisoned. Some know it and some don't. Those who don't know it would get "mad" if you'd tell them.

But what a man or woman isn't liable to get as a result of constipation isn't worth telling about.

You can shake your fist at almost any old disease if you have the bowels that "clock work" every twenty-four hours.

This is plain talk, but any doctor will tell you the same thing, only he may not be so straightforward perhaps in his language and it won't make the impression on your mind.

The pill-eaters who try to keep their over-due bowels going every day are just as led if not worse than the stopped-ups.

You and every other cathartic user have got to quit taking pills and "movers" if you want to get rid of your constipation for good.

Cathartics of course do clean out the bowels, but they also clean out the bowel-moving juices, which are secreted by nature to make the bowels work easy and right.

But here is the rub. When these natural juices are cleaned out by cathartics, your bowels become mere dead-pipes. Then you get a bad case of constipation, and more pills are swallowed, and more, and more, and more.

Thus it goes on over and over again until your bowels become about paralyzed. Then as you continued constipated the poison is absorbed into the blood.

It goes to the brain, naturally, and to every organ of the body. It goes to your face, it goes to your head and gives you headache and makes you dizzy and drowsy. It goes to the stomach and makes it rebel, causing dyspepsia and bad breath. It goes to your liver and causes biliousness, goes to your nerves and makes them weak and you feel dreggy in the middle of the day when you ought to be up and doing things.

Besides, medicine bowel-movers inflame and weaken the bowels. Cathartics contain aloes, calomel, croton oil, cascara, jalap, blue mass, asafoetida, senna, epsom salts, castor oil, nux vomica, belladonna, and other bowel-eaters and bowel-paralyzers. Laxative mineral waters are no better, for they contain mineral acids which have the same effect as other drugs.

Now you know all this to be true. It is common-sense. So now quit your pills and cathartics, make your food, your natural food move your bowels for you. That is common-sense, too—good bowel sense.

You eat food to keep your body, why not eat to keep it healthy?

A delicious food which is new and different from anything ever before produced, which absolutely cures constipation, dyspepsia, fermentation and stomach disorders and yet contains intense nutrition is going to be handed to you free very shortly before you expect it.

As soon as you get it, you are going to try it—at your first meal. You and the whole family are going to grow wild over this delightful stranger in your home, because it is irresistibly delicious.

Its name is Cerena.

Then if you are sensible, you will snatch the cathartic and dyspepsia medicine from your shelf, or perhaps you first want to walk a bit to see how Cerena acts.

There will be no use in waiting because you'll forget you were ever constipated. There will be no fermentation, no irritation, no heartburn, no dyspepsia.

Then you will do what you were going to do at first and snatch the cathartics and stomach medicine from your shelves.

Cerena is milled and prepared from the most nutritious and healthful parts of wheat grains, corn and other cereals. With it are united the essence of juice-laden fruits and vegetables, in such precise proportions as to not only make them delightful to the taste but naturally active to the membranes of the stomach and internal organs. Nature's food, nature's remedy.

No more delightful, gentle, unobscure bowel regulator has ever been prepared. It is never over active, never causes embarrassment.

It is a powerful builder of bone, flesh and muscle, and yet a remedy as well. It is always acceptable to the most delicate stomach.

It is the most effective stomach remedy and bowel invigorator and yet an intense, delicious food as well.

So now Cerena has made its acquaintance.

For one cent a day it will keep your bowels on happy schedule time, and make you forget you ever had bowels to worry you. This means more than can ever be put in print. It will give you an appetite, a good vigorous one.

It will stop gas on your stomach, indigestion, fermentation, heartburn, irritation and the "lump of lead" will disappear.

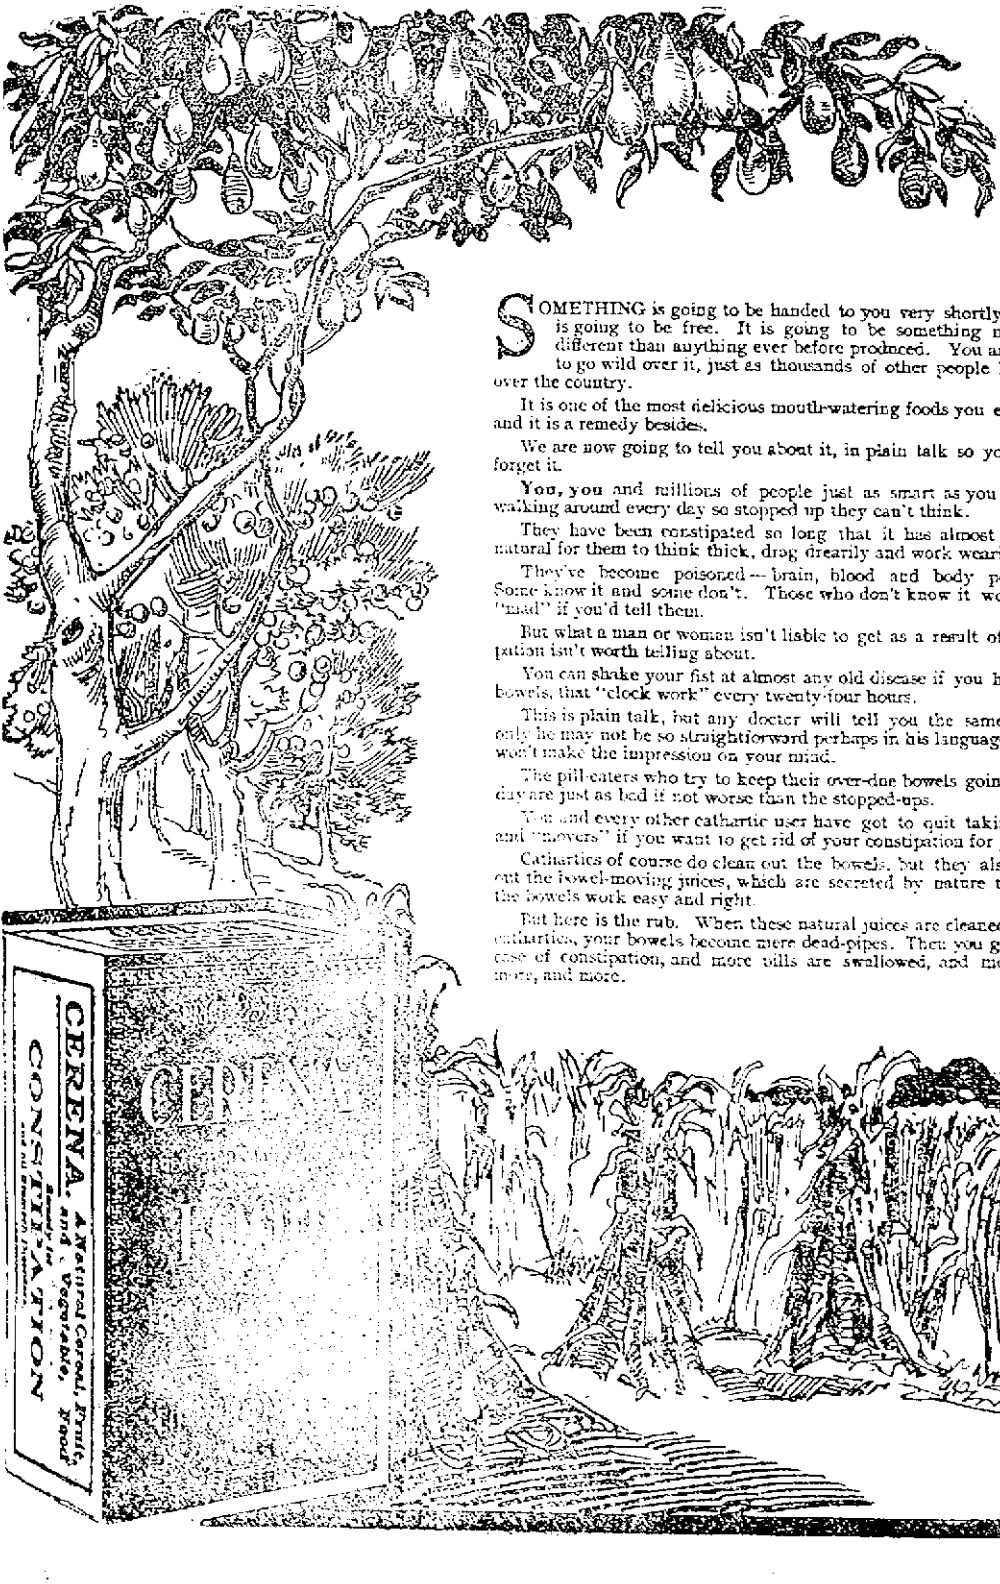

All done by Cerena—medicineless, pure, never disappointing, delicious.

Cerena is coming to you very shortly—it is going to be handed to you when you least expect it. It will be a treat.

If you can't wait for the package offer, and want immediate relief, you will get it by going to your grocer and buying a liberal sized package for 25 cents. You'll relish it and feel rosy.

Cerena will cost you one cent a day. At your Grocer's 25 cents a package.

The Cerena Milling Company Chicago, Ill.

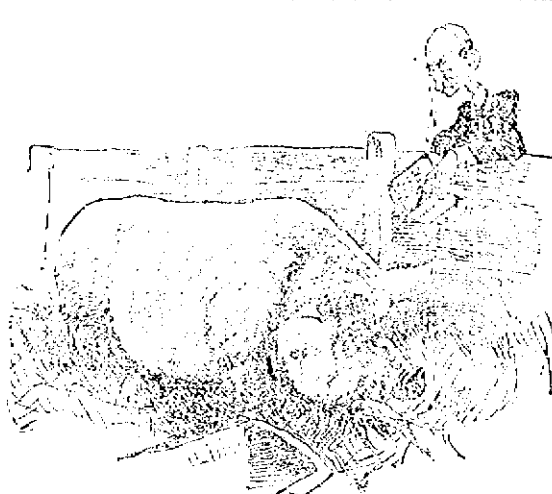

# TRYING TO GET EVEN WITH OLD SOL

CHARLIE IS HOME FROM COLLEGE.

**The Wild Duck.**  
**HUNTER**—You went out gunning yesterday, I hear. See any wild ducks?  
**Hunter**—One.  
**Gunner**—But you didn't get within range, I suppose?  
**Hunter**—I was within range of his voice all right while he swore at me for shooting his tame ones.

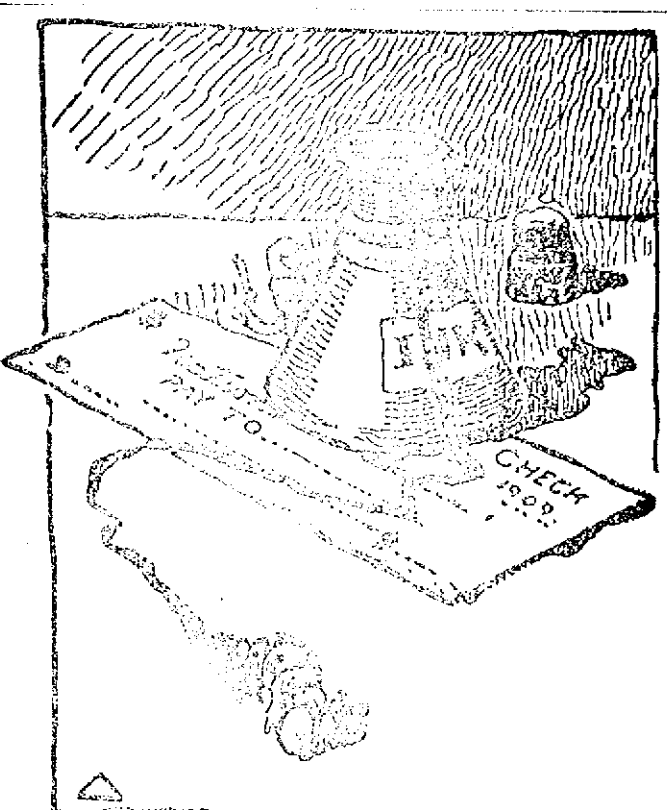

**An Effulgent Feature.**  
**DON'T** you think his face is very plain?  
**"Not when it lights up."**  
**"Well, it seems to me that none of his lights is up all the time."**

A QUESTION OF AVOIRDUPOIS.  
 The Hag: "How did he do it?"

**He Knew.**  
**TEACHER**—Farmer, if your dog ran up to meet you what advice would he give you?  
**Teacher**—Friendliness.  
**Teacher**—But if he should run away what would you call him?  
**Farmer**—I'd call him a dog—that's his name.

**She Was Considerate.**  
**GRACE**—The idea of your having a chapter. As if you need protection! Susan—Oh, it isn't that. I always have one around to protect the dear boys, you know.

A WATCHFUL COP BUG.

Cop Bug: "Ah, ah! Caught in the act. A clear case of forgery!"

**A SUGGESTION.**  
**I DARE** suggest, though a sipping's not of all my girls the end, That Mary's lamb would please a lot. If done in ban-relief.

**TOUGH ON PIGS.**  
**FRESHLY**—Do you keep pigs?  
**Farmer** (with an experienced glance)—Yes, we do during the summer. Seven dollars per week.

## ANNUAL PICNIC OF FROGVILLE SUNDAY SCHOOL

By KEMBLE.

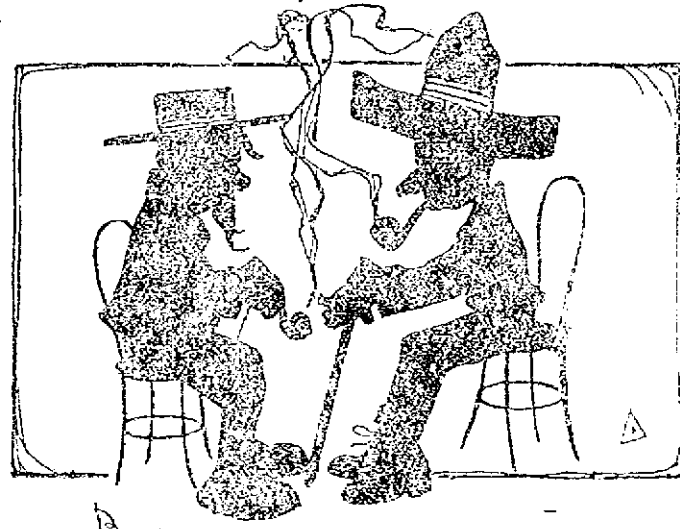

MAINTAINING HIS DIGNITY.

"Der's Dusty Rufus over in dat field. De farmer hired him to stand up for a scarecrow."  
 "Who's dat beside Rufe?"  
 "De farmer. Rufe makes him stay right wit' him to wave his arms for him."

A NATURAL ADVANTAGE.

That little Mrs. Spicer is very diminutive, isn't she?  
 "Yes, and it gives her a great advantage over the rest of us. There isn't another woman in the club who can wear her waist line as low as Jane Spicer's."

NATURALLY.

"What happened to your brother, who fell in love with that girl with the wasplike waist?"  
 "Stung."

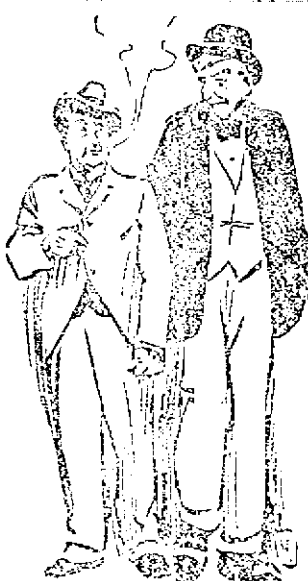

**The Compromise.**  
**HAROLD**—This is our dance, I believe.  
**Evelyn**—I would rather not dance. Let us sit on the stairs.  
**Harold**—I had counted on the dance.  
**Evelyn**—I am sorry, but I prefer the stairs.  
**Harold**—And I prefer the dance. Well, let us compromise. I will sit on the stairs if you will let me put my arm around you.

**One Kind of an Egotist.**  
**"WHAT** is an egotist?"  
**"An** egotist is a man who mints his own business with such persistence that it annoys you."

LIKED BY HIMSELF.

"He likes himself."

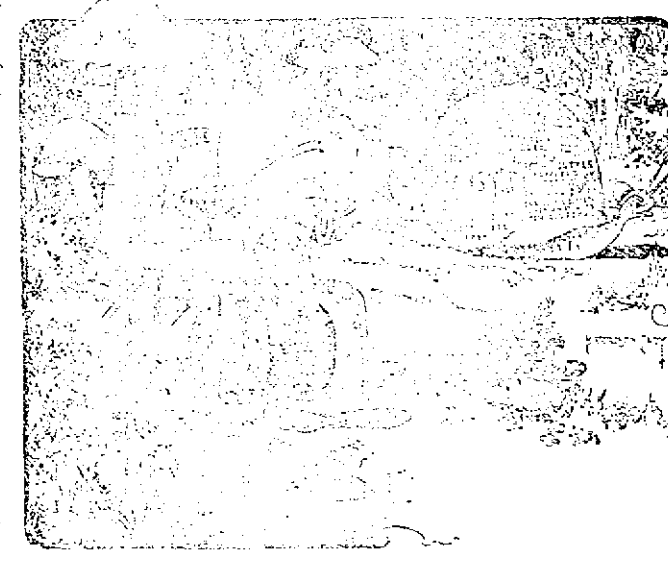

NOT SO BAD.

"You can't say it's not so bad."

**A Valuable Recipe.**  
**HURRY**—I want to see the book right after dinner.  
**Wife**—You are not going to the church, are you?  
**Hurry**—Discharge her! No, in fact, I want to see the recipe from her for this pudding sauce. It ought to make the best kind of office pudding.

**Explaining His Advice.**  
**"D**ick W. has advised Brown to take up mathematics."  
**"But** I thought the doctor should prescribe a course of mathematics."  
**"Yes,"** he says. **"But** in some way he has secured a position of a second hand name that he wanted to sell."

IN BUCKVILLE.

"Just look at that. He's a real one. Letting his back out for advertisement. What a shame!"

## STRIKE IS LIKELY

### In Some of the Shoe Factories in Lynn

LYNN, July 20.—The efforts of the packing room employees of the local shoe factories to secure the adoption by the manufacturers of a standard wage scale, plans for which were announced last night were actively being sun today. Frank Kilder, business agent of the packing room employees' union, stated at noon that he had submitted the scale to nearly all the large factories giving the Manufacturers' Union till 5 p. m. today to make their answer. He said that thus far only one manufacturer had positively re-

## MOORISH TRIBESMEN'S ATTACK

MELILLA, Morocco, July 20.—The attack by Moorish tribesmen made on the Spanish forces here last Saturday afternoon was executed under cover of a feint on the front against the Spanish flank. The first charge was repulsed but in the evening a more violent assault was made for the purpose of capturing the Spanish battery. The Moors displayed great courage and skilful tactics. They rushed in small squads and many of the tribesmen succeeded in breaking through the barb wire entrenchments where they fell at the mouths of the canon after hand to hand fighting. It was three o'clock on Sunday morning when the Moors finally retired. The Moors numbered six thousand while the French and Spanish force was composed of two thousand men.

General Marina, commander of the Spanish force in Morocco, was in the thick of the struggle encouraging his men who fought heroically. Captain Guilleche and Major Royo were both killed while defending a battery. The Moors bore off several bodies with the intention of burning them but the Spaniards made a sortie and recaptured the bodies.

## STRIKE SITUATION

### Order Restored at McKees Rocks and Butler, Pa.

PITTSBURGH, July 20.—The strike situation at both the Pressed Steel Car Co.'s plant at McKees Rocks and the Standard Steel Car plant at Butler is quiet today. At McKees Rocks plant, it is reported that many additional men have returned to work. Among these were 50 electrical employees who are wiring the new Hudson river tunnel cars. It is reported that they have only six cars to wire to complete the order. The strikers held another large meeting this morning for the purpose of perfecting a permanent organization. Hearing of the application of the Public Defense association for a double injunction restraining the Pressed Steel Car Co. and the Standard Steel Co. from acts calculated to produce the strike will come up before Judge Thomas J. Ford and Marshal Brown in common pleas court this afternoon and pending this decision no change in the situation is expected. At the Standard Steel Car plant at Butler it is stated that a settlement would be made soon. During the day series of injuries were reported. The release of the prisoners arrested here will be argued before Judge Stillman.

The strikers at the Standard Steel Car plant held a mass meeting two miles from Lindora this afternoon at which they passed a plan to return to work for the former scale of wages provided the company would in fact pay the rate of back pay payments from 25 to 50 per cent. According to the strikers the plan was approved by all present. The plan was approved by all present. The plan was approved by all present.

# THE PAVING JOB

## The Gas Light Company Denies Responsibility

### For Delay in Starting The Work—Street Railroad Given Until August 9th to Get New Rails in—Mayor Says It's Up to Supt. Putnam

The last move up today in the matter of the paving of Merrimack square was to put the responsibility up to the Lowell Gas Light Company, the claim being made at city hall that the work cannot be done until the Gas Light Company does its work on the mains. But the Gas Light Company denies the responsibility and states that it can start in a few days or at any time. The Gas Light Company further states that it has been waiting for the street department as it expected to take up the work simultaneously with that department expecting the street department to follow it along as it could work better after the street department had opened the street.

A reporter of The Sun asked Mayor Brown about the matter this morning and the latter replied: "It's up to Supt. Putnam to start at once and put on three shifts and more foremen. He says he can't do as good work at night, but Charlie Morse worked three shifts on the sewer in Merrimack street with success and I think the street department can do as well. I have instructed the superintendent to give the street railroad until August 9th to get their special rails in. The superintendent can get all the pavers he wants from this and other cities so as to get this work done before the auto races."

Another authority on paving says that better work can be done at night and more progress made as less time is lost with passing cars and teams. The time for talk has passed, what the people want is to see the work started and pushed in spite of what may be said the contrary. It is the mayor that should see the work started and completed in due time.

## CONTEMPT CHARGE

### Prominent Boston Attorney Ordered to Appear in Court

BOSTON, July 20.—Contempt proceedings were instituted by U. S. District Attorney Asa French today against Ellisha Greenwood, a popular Boston attorney as a result of remarks made in court by Greenwood while acting as counsel for Lewis Canner, Greenwood was served today with a writ calling for his appearance before United States Commissioner Hayes in the United States district court on Friday next to show cause why he should not be prosecuted for his alleged contempt. Canner and his partner Jacob Friedman who had been engaged in a grain business in East Boston were petitioned into bankruptcy last year. Later they were arrested charged with having concealed some of their assets from the trustee in bankruptcy, Albert Tappan. Canner engaged Greenwood as counsel and it is alleged that the attorney made remarks in the course of the hearing of the case before Commissioner Hayes constituting contempt of court.

## THE GLIDDEN TOUR

MANKATO, Minn., July 20.—In spite of the gayeties which kept the automobilists of the Glidden tour awake until a late hour last night they were away from Mankato at an early hour this morning. At 8 o'clock the contesting cars began to leave for the last part of the Minnesota trip. The tourists passed through Garden City, Waukegan, Blue Earth and Elmore, the last Minnesota town and thence into Iowa. The distance from here to Fort Dodge is 138.6 miles. The roads have been prepared in many places by farmers, commercial clubs and automobile clubs.

## KING MANUEL TO WED

LISBON, July 20.—King Manuel is to make a trip abroad in his auto and it is understood that the trip is to arrange for the marriage of his majesty to Princess Alexandra, daughter of the Duke of Fife.

## LOSS IS \$300,000

### Most Disastrous Fire in the History of Masontown, N. Y.

MASONTOWN, N. Y., July 20.—It was a disaster, a calamity, a loss estimated at \$300,000. The loss of the most disastrous fire in the history of this place broke out in L. H. Miller's department store on Main street about 2 o'clock this morning and before the flames were controlled the store was a mass of smoking ruins. The loss of the store and the contents is estimated at \$300,000. The cause of the fire is unknown.

# THE BON MARCHE

## Where Employees Will Spend Vacations

There is great joy in the contemplation of a vacation and when The Sun man called at the Bon Marche this forenoon and queried the clerks as to their vacation plans, he was met with a real vacation smile. The anticipation of a vacation is almost as good as the vacation itself, especially when one has youth on his side, and the clerks were only too glad to tell of their arrangements which include trips to the mountains, the sea shore, the seashore, the old home and other places of interest to vacationers, and here's hoping that they will all have the best times of their lives. Here are the names of the clerks who have their vacations all framed up:

Lester L. Willis, the floor manager, will spend a month at Salem Willows, the Orchard, Portland and Moosehead Lake. He will make the trip in his new truck and will see a great deal of the country, than the pieces mentioned would indicate. Miss Elizabeth Regan will spend two weeks with her relatives in New York. Miss Mae Thornton will enjoy the sea breezes at Union Bay. During the month of August, Miss Amanda Lardley will visit in Montreal, Three Rivers and Sherbrooke, P. Q. Mrs. Imelda T. Desrosiers will spend her vacation at Amherst, Salisbury and Worcester. Miss S. Bambrick will spend two weeks at Hampton Beach. Jennie Cole is spending her vacation at the White Mountains with her sister, Miss Sadie Cole. Mrs. Harriet R. Angell will join the vacationists at York Harbor, Maine. Mrs. A. McNeese will go to Old Orchard. Mrs. W. S. Davis will rest at Annet, Mass. Miss H. D. Wilson will go to Juniper Point and Kennebunkport, Me. E. H. Boulanger will go to Canada, visiting at Montreal, Point Levi, St. John and St. Raymond. Charles G. Martin will spend his vacation at Laval, Me. His wife will accompany him. S. H. Whitman will bask in the sunshine and enjoy the "beach strands" at Cape Cod. Thana Layton will rusticate at South-bridge. Miss Alma Ray will spend three weeks at Providence and Worcester with her mother, Mrs. J. B. Ray. Robert Campbell and his family will spend their vacation at Old Orchard. Miss Kittie Chapman will visit Bar Harbor and Acadia. She will be gone three weeks. William Soule will toy with the fish at Cowsneck Lake. Miss Catherine Gorman will enjoy the sights at Newport, R. I. Miss Nettie Morse will spend the last two weeks in August at Hampton Beach. J. J. Mann will go to Pepperhill, N. H. Margaret Riley will rest at Green Harbor, Mass. John B. Richards will rest at home. Marie C. Fremont will visit friends in New York. Miss Mary M. Leary will go to Nantuxet beach. Miss Ethel Harmon will go to Canada. Miss May Crowley will spend her vacation at Niagara Falls. Miss Margaret H. Murray will go to Old Orchard. Mrs. Leontine will spend her vacation in Portland, Me. A. Archambault will visit friends in Canada. Miss Mary Doherty will go to the Weirs. Miss McLaughlin will visit friends at Bath, Me. Miss Agnes L. McCreary will visit her uncle at Wilkes-Barre, Pa. Miss Agnes Slack will spend two weeks at Bar Harbor. Miss Lillian Worth will make a tour of the beaches. Miss Eva Supernault of the waist department will visit her old home in "Chazy, N. Y. and will visit in Plattsburg and Lake Champlain. Mrs. J. L. Linn will spend two weeks in Freedom, Me. Miss Achin will make a tour of the beaches and will visit her home in Worcester. Charles Dapuis will rusticate in the White Mountains. Mr. George G. Barth, Mrs. M. Trav-ersy and Miss D. Plant will visit in New York. Miss Minnie H. Snow will spend her vacation in New Hampshire. Miss Agnes L. McCreary will visit her uncle in Maine. J. Richards will go to Lake Champlain. G. H. Manning is planning a trip abroad. Miss H. Fuller will spend the last week of July and the first week of August at Little Neck, Ipswich, Mass., as the guest of Mrs. Charles M. Conner. Miss Emma V. Lounsbury will spend her vacation at Ellensburg Falls, Vt. Miss Margaret Doherty will rusticate at Little Neck, Vt. during the first week in August. Miss Kathleen Jennings will visit friends in Boston and will make a tour of the beaches.

MISS MARY DOHERTY will go to the Weirs. MISS MCLAUGHLIN will visit friends at Bath, Me. MISS AGNES L. MCCREARY will visit her uncle at Wilkes-Barre, Pa. MISS AGNES SLACK will spend two weeks at Bar Harbor. MISS LILLIAN WORTH will make a tour of the beaches. MISS EVA SUPERNAUT of the waist department will visit her old home in "Chazy, N. Y. and will visit in Plattsburg and Lake Champlain. MRS. J. L. LINN will spend two weeks in Freedom, Me. MISS ACHIN will make a tour of the beaches and will visit her home in Worcester. CHARLES DAPUIS will rusticate in the White Mountains. MR. GEORGE G. BARTH, MRS. M. TRAVERSY and MISS D. PLANT will visit in New York. MISS MINNIE H. SNOW will spend her vacation in New Hampshire. MISS AGNES L. MCCREARY will visit her uncle in Maine. J. RICHARDS will go to Lake Champlain. G. H. MANNING is planning a trip abroad. MISS H. FULLER will spend the last week of July and the first week of August at Little Neck, Ipswich, Mass., as the guest of Mrs. Charles M. CONNER. MISS EMMA V. LOUNSBURY will spend her vacation at Ellensburg Falls, Vt. MISS MARGARET DOHERTY will rusticate at Little Neck, Vt. during the first week in August. MISS KATHLEEN JENNINGS will visit friends in Boston and will make a tour of the beaches.

MISS MARY DOHERTY will go to the Weirs. MISS MCLAUGHLIN will visit friends at Bath, Me. MISS AGNES L. MCCREARY will visit her uncle at Wilkes-Barre, Pa. MISS AGNES SLACK will spend two weeks at Bar Harbor. MISS LILLIAN WORTH will make a tour of the beaches. MISS EVA SUPERNAUT of the waist department will visit her old home in "Chazy, N. Y. and will visit in Plattsburg and Lake Champlain. MRS. J. L. LINN will spend two weeks in Freedom, Me. MISS ACHIN will make a tour of the beaches and will visit her home in Worcester. CHARLES DAPUIS will rusticate in the White Mountains. MR. GEORGE G. BARTH, MRS. M. TRAVERSY and MISS D. PLANT will visit in New York. MISS MINNIE H. SNOW will spend her vacation in New Hampshire. MISS AGNES L. MCCREARY will visit her uncle in Maine. J. RICHARDS will go to Lake Champlain. G. H. MANNING is planning a trip abroad. MISS H. FULLER will spend the last week of July and the first week of August at Little Neck, Ipswich, Mass., as the guest of Mrs. Charles M. CONNER. MISS EMMA V. LOUNSBURY will spend her vacation at Ellensburg Falls, Vt. MISS MARGARET DOHERTY will rusticate at Little Neck, Vt. during the first week in August. MISS KATHLEEN JENNINGS will visit friends in Boston and will make a tour of the beaches.

MISS MARY DOHERTY will go to the Weirs. MISS MCLAUGHLIN will visit friends at Bath, Me. MISS AGNES L. MCCREARY will visit her uncle at Wilkes-Barre, Pa. MISS AGNES SLACK will spend two weeks at Bar Harbor. MISS LILLIAN WORTH will make a tour of the beaches. MISS EVA SUPERNAUT of the waist department will visit her old home in "Chazy, N. Y. and will visit in Plattsburg and Lake Champlain. MRS. J. L. LINN will spend two weeks in Freedom, Me. MISS ACHIN will make a tour of the beaches and will visit her home in Worcester. # THE BIG BLOCK

## Not Yet Authorized by the Building Department

### The City Council May Discuss the Matter—Building Laws Will Affect the Project

After paying 15 cents per foot to the locks and channels for land for which they were assessed about 10 cents per foot, Oliver Deziel, carpenter, of 722 Merrimack street and the builder whose brick veneer house in Merrimack street is being extensively copied, appears to be up against strong opposition and great expense in his attempt to erect a six tenement block on his newly acquired land.

The lot of land consists of 7195 feet between Fawcett and Moody streets and the northern canal, or between the Moody street bridge and the building of the C. M. A. C. On this land, Mr. Deziel, as already stated, proposes to build a six tenement house, three stories high. As yet Mr. Deziel has not applied for a permit to build, from the building inspector, but is travelling off the lot preparatory to so doing, and the moment he announced his intention of building at this point a storm of protest arose with the result that Mayor Brown, today informed a reporter of The Sun that he would call a special meeting of the common council to discuss the matter. "I have received many number of protests against permitting Mr. Deziel to build and I am calling the common council together for the purpose of seeing what can be done."

The building if erected will completely shut off the view of the Textile school and the river from the head of Merrimack street and will greatly mar one of the real beauty spots of Lowell. Many people are greatly surprised to learn that the locks and canal company would sell the land for building purposes at this point. But perhaps the difference between the valuation and the selling price of the land accounts for the company's action.

But Mr. Deziel's building will be a costly one anyway by reason of the provisions of the building ordinance. Mr. Deziel proposes to have five room tenements and therefore will have 10 rooms on the third or top floor. Having 10 rooms on the third floor the building becomes a public building under section 12 of the building ordinance as follows: "Public buildings shall include . . . and buildings of more than two stories adapted to be used above the second story in whole or in part as a hotel or apartment house, boarding house, lodging house or tenement house and having 10 or more rooms above said story in which 10 or more persons lodge or reside above said second story."

Thus in order to conform with the law he must bring the centre partition, filling with 1 1/2 inches of brick work between the studs. He will also have to place brick fire stops between the sides of the building at each floor. The contemplated putting in a light shaft and in that case he will have to conform to the section 12 of the building ordinance as follows: "All elevator wells and light shafts built with wooden studs shall be filled in full between the wooden studs with fireproof material and lined with metal or asbestos or mastic tathing as may be directed by the inspector, and exposed woodwork inside of such well or shafts shall be properly covered with metal."

That if Mr. Deziel persists in erecting the latest attachments filed at the court house in Gorham street include one against William F. Fox, the plaintiff is Oliver D. Wilder and the amount of the attachment is \$2000. In an action of tort in the sum of \$5000, John W. Paul is the defendant and Alvina Whiteley the plaintiff.

## POLICE BOARD

### Has Not Acted on Minor Licenses

When will there be a meeting of the board of police is a question which is bothering many people at the present time. Since the appointment of Mayor Brown's board of police there have been no meetings where city business, other than that relative to the police department, has been transacted and people who have applied for minor licenses are wondering when a meeting will be held so that their application may be acted upon. The new law relative to common violators selling fruit on Sundays after the board of police has been accepted by the city council and approved by the mayor, will the applications made for such licenses have not been acted upon.

The law provides that the board of police may charge a fee not to exceed \$2. But the board has neither on the subject of the fee or on fact of the meeting and in the way of doubt, the business and all applications for licenses will be left up until such time as the board is held to last night.

## CHINESE ESCORTS

### FOR TWO WHITE GIRLS CAUSED MUCH COMMENT

The spectacle of two well dressed and well known young girls apparently about 16 years of age walking in a public street with two Chinese men, one of whom was a white man, has caused much comment. The girls were seen walking in the city street after their father, who is a Chinese, had been arrested and placed in a jail cell. The girls were seen walking in the city street after their father, who is a Chinese, had been arrested and placed in a jail cell. The girls were seen walking in the city street after their father, who is a Chinese, had been arrested and placed in a jail cell.

# STATE MILITIA

## To Protect the Coast From 9000 Invaders

BOSTON, July 20.—Members of the state militia await with intense interest the coming maneuvers, in which between 15,000 and 16,000 men will participate.

Massachusetts, especially near the coast line, will experience from Aug. 14 to 21 all the sensations and thrills of actual war. An army of 9000 men will land from transport somewhere along the coast just when or where is not known, and will be met and repulsed, it is possible, by the entire militia force of the state, about 6000 men.

From day to day there will be battles and skirmishes between the two armies.

Plymouth county will probably be the scene of the most important maneuvers, and Middleboro, which is likely to be the center around which will revolve the entire activity, it is said.

Major General Leonard Wood, U. S. A., commander of the Department of the East, will be the chief umpire, and after it is all over will make an extensive report to the war department. Military attaches representing all the foreign governments will attend the maneuvers as spectators, as will prominent United States army officers and the governors of half a dozen states with members of their respective staffs.

Brigadier General William A. Pew of the Second Brigade, U. S. A., will command the Massachusetts troops, and the invading army will be commanded by the Massachusetts troops, S. A., chief of the war college. The armies will be distinguished from each other by colors worn. The Massachusetts troops will be known as the "Blues" while the invading army will be known as the "Greys."

The invading army will be composed of militia from several states. Connecticut will send two regiments of infantry, one battery of light artillery, a signal corps and a troop of cavalry. New York, three regiments of infantry, three batteries of light artillery, four troops of cavalry and two signal companies. New Jersey, a troop of cavalry; the District of Columbia, two regiments of infantry and a battery of light artillery. Possibly there will also be a small detachment of regular troops.

Both brigades of the Massachusetts militia and also the First and Second Corps of Cavalry will take part, directing their entire energies to defending the state from invasion, and if it is necessary will try to drive the invaders out of the state.

"Nothing can be said just now of the exact form the maneuvers will take, for I do not know myself just what the plans are," said Adjutant General William H. Brigham to a Post reporter yesterday. "General Leonard

Wood is to be in charge, and I expect to have a conference with him in a few days. He desires to keep the plans a secret."

At the adjutant general's office yesterday there was a meeting of the heads of the commissary departments in regard to rations and transportation for the Massachusetts troops during the maneuvers.

It is the intention to have the invasion come as a complete surprise, just as it would be in actual war. When the news of the attack becomes known the regiments of Massachusetts militia will be quickly summoned to the front from their respective armories and the fighting will begin.

One troop of regular cavalry from Fort Ethan Allen in Vermont will act with the Massachusetts militia during the maneuvers. There will be no other regular in the army of defense.

Complete details for the maneuvers will not be complete for a week or more, as Adjutant General Brigham will have to have several more conferences with General Leonard Wood before the arrangements are complete.

A general order will be issued by Adjutant General Brigham in regard to the transportation and marching of the Massachusetts troops during the maneuvers, which is very important in such a big military demonstration.

Massachusetts has never seen anything of the kind before. The maneuvers will be on a scale almost equal to the war practice maneuvers in Germany, France and other European countries several times a year.

The invading army will be composed of militia from several states. Connecticut will send two regiments of infantry, one battery of light artillery, a signal corps and a troop of cavalry. New York, three regiments of infantry, three batteries of light artillery, four troops of cavalry and two signal companies. New Jersey, a troop of cavalry; the District of Columbia, two regiments of infantry and a battery of light artillery. Possibly there will also be a small detachment of regular troops.

Both brigades of the Massachusetts militia and also the First and Second Corps of Cavalry will take part, directing their entire energies to defending the state from invasion, and if it is necessary will try to drive the invaders out of the state.

"Nothing can be said just now of the exact form the maneuvers will take, for I do not know myself just what the plans are," said Adjutant General William H. Brigham to a Post reporter yesterday. "General Leonard

Wood is to be in charge, and I expect to have a conference with him in a few days. He desires to keep the plans a secret."

# LOST IN WOODS

Charles Riley Found Nearly Exhausted

LEWISTON, Me., July 20.—Charles Riley of this city had a narrow escape from death in the woods near Highgate pond in Wood last week. He had been in camp there and upon leaving undertook to take a short cut lost his way and became bewildered. He traveled night and day for nearly a week in the woods in a tract not over a quarter of a mile square.

He was found by William Hines of Farmington, who was out the woods looking for a spring. He found Riley and looking about found Riley on his knees digging in the earth and groaning.

Riley's clothes were nearly torn from his body and one boot was missing. When he left the camp he was comfortably clothed and carried an extra coat, but this was missing. Mr. Riley was helpless and was bordering on insanity. His mind is a blank regarding his wanderings during a large part of the time that he was lost.

Mr. Hines took him to his home and gave him food and provided him with whole clothes and then sent him to his home in this city.

George M. Stacy Alleged to be Well Known Burglar

BOSTON, July 20.—George M. Stacy, formerly a resident of Cambridge, whom the police consider one of the best known burglars in the east, was arrested yesterday by the Boston police. The arrest was made just after Chief Manning of Circleville had left Boston after a three days' wait for Stacy to turn up.

Inspector Thomas J. Norton of headquarters got on the track of Stacy by finding in a pawnshop jewelry which had been stolen in Greenfield. Yesterday a pawnbroker ran into station 3 and told Capt. Peabody that a man just outside was wanted by Inspector Norton. Patrolman Thompson ran out, Stacy was designated and apprehended. By pictures and body marks at the bureau of criminal identification Inspector Gustafson positively identified him.

A flashlight and a revolver were found on Stacy. He has been known under the aliases of George Sullivan, George Sullivan, Charles Stark, Charles Stanley and Charles Stanton.

Chief Manning of Greenfield, came to Boston this morning for Stacy. The man is said to have a long prison record.

YEAR IN JAIL FOR CHAUFFEUR WHO RAN DOWN A WOMAN

NEW YORK, July 20.—Edward Thompson, 19 years old, a "joy-riding" chauffeur, who pleaded guilty to taking out his employer's motor car without the owner's consent, was sentenced yesterday to one year in the penitentiary for running down Mrs. North Lockwood and breaking her arm while out with the car.

LOS ANGELES, Cal., July 20.—All Pacific coast records for rapid divorces were broken this morning when Judge W. P. James granted an interlocutory decree of divorce to Alben M. Miller of the Pacific Electric system in just three minutes. There were just two witnesses.

"My wife just said good-bye and left me," said Miller. "I always treated her kindly and gave her no reason for deserting me." Miller then left the stand. H. Graves, a friend of Miller's, was the next and last witness. He testified to Miller's home life, having known of him back in Boston, where Miller worked up to a year ago.

Judge James then granted the divorce and three minutes had elapsed by the court room floor clock.

The Millers were married in Massachusetts in 1893.

Tomorrow L. S. C. Belle Grove. NORTH CHELMSFORD

# RECORD BROKEN

Man Granted Divorce in Three Minutes

LOS ANGELES, Cal., July 20.—All Pacific coast records for rapid divorces were broken this morning when Judge W. P. James granted an interlocutory decree of divorce to Alben M. Miller of the Pacific Electric system in just three minutes. There were just two witnesses.

"My wife just said good-bye and left me," said Miller. "I always treated her kindly and gave her no reason for deserting me." Miller then left the stand. H. Graves, a friend of Miller's, was the next and last witness. He testified to Miller's home life, having known of him back in Boston, where Miller worked up to a year ago.

Judge James then granted the divorce and three minutes had elapsed by the court room floor clock.

The Millers were married in Massachusetts in 1893.

Tomorrow L. S. C. Belle Grove. NORTH CHELMSFORD

Arthur W. Truacy of North Chelmsford has been elected assistant teacher of manual training in Fitchburg. He was selected from a large number of candidates. He will succeed William Briggs who declined a re-election after serving as a teacher for 27 years.

Clayton Coolidge of Oskola, Utah, formerly of North Chelmsford, where his uncle, George W. Sweet, resides, has been appointed inspector of small arms practice for the state of Utah, on the staff of Colonel Plummer of the First infantry. He will have the rank of captain. The position was created by executive order, and the appointment made upon the recommendation of Adj. Gen. Wedgewood. Captain Coolidge is an enthusiastic all-around sportsman, a crack shot, and one of the best informed men on militia matters in the west. He made the highest score at the recent revolver competition between the officers of Fort Douglas, state prison guards and officers of the national guard. Captain Coolidge has an aunt, Mrs. A. N. Smith, living in Lowell.

FOUR BIG MILLS ARE TO BE ERECTED IN NEW ENGLAND THIS SEASON

BOSTON, July 20.—That the cotton and woolen industries of Massachusetts can be improved within a few years is the opinion of several New England men, who are willing to back their opinion with \$10,000,000, put into four great mills, to be erected at East Boston, New Bedford and Lawrence.

It is planned to build a mill in East Boston, to be known as the Foss company mill, expected to cost \$1,000,000; two new mills at New Bedford, which will cost \$4,000,000 and a worsted mill to be added to the Arlington mills plant at Lawrence, which will cost \$1,250,000.

GRANITEVILLE

Laura McCarthy, aged nine years and daughter of Mr. and Mrs. J. McCarthy, fell from the milk wagon of her uncle, John Healer, Saturday morning, dislocating her right shoulder and injuring the ligaments of the arm. She was attended by Dr. W. H. Sheridan.

BOY WAS KILLED

Crushed to Death by an Elevator

BOSTON, July 20.—Harry Pernakoff, 5 years old, was crushed to death in a freight elevator in the Schwartz building at 101 Main street in the West end, about noon yesterday, while taking a ride with his brother Nathan, 8 years old. The little fellow was caught between the basement and second floor.

The boys, who live with their parents at 114 Brighton street, had been sent to the South station to get stamps at the sub-postoffice. Nathan saw them go into the elevator, but it is

# A MOTORMAN

Knocked Out Several Militiamen

A lively fight took place on a Lowell and Fitchburg car, in the towns of Lawrence and Haverhill Sunday afternoon, in which three militiamen, the motorman and a civilian passenger, were somewhat injured as the result of the encounter, with the passengers who refused to leave the young couple who had been seated in the car.

The car was crowded to the doors at the time and a small number of the passengers was the result of the fighting.

The trouble started when several members of Company B, Sixth regiment, attempted to board the car. They had been on a "ditch" and practice maneuvers and were on their way home.

The car had passed the men started to board it by the front platform. Lieutenant James P. O'Connor directed the movements from the front platform.

The motorman of the car, George K. Gould, refused to allow the militiamen to enter the car by the front vestibule and ordered them to get out of the car. The latter took exception to the motorman's orders, whereupon it is alleged the motorman struck him, knocking him to the ground.

In an instant there was an uproar, but Lieut. O'Connor quieted his men and prevented them attacking the motorman. Lieut. O'Connor then reported the matter to Captain James J. McDowell.

Capt. McDowell who was on the car went forward to protest and while he and the motorman were talking the car passed over the line into Lawrence. Passengers on the car state that the captain spoke quietly and in a gentlemanly manner, but the motorman gave differently. In a few moments the passengers were surprised to see the motorman suddenly strike Captain McDowell over the head with the controller, knocking him down. Weapons were seized and the militiamen made a rush for the motorman. In the melee Sergeant O'Connor was struck over the head, while a passenger was struck as he was leaving the car. The motorman was badly bruised by the angry militiamen.

The Fitchburg police arrested the motorman on complaint of one of the militiamen and it is expected that arrests will be made by the Lawrence police.

QUININE PILLS

CAUSED THE DEATH OF 4-YEAR OLD BOY

NEWTON, N. H., July 20.—Fifty quinine pills swallowed yesterday by John, the 4-year old son of Cecil Drake of Scarswood, near here, caused the child's death in a few minutes. The baby found the pills in his father's pocket and ran with them into the yard before they could be taken away. Half an hour later the body was found with the empty box beside it.

POPE INTERVENED

CASE OF PRINCE ROSPIGLIOSI TO BE REOPENED

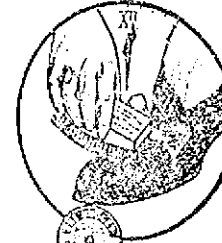

ROME, July 20.—Through the direct intervention of Pope Pius the case of Prince Rospiigliosi, who

thought that they pulled the ropes and started up.

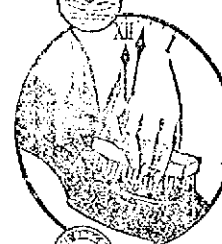

The shrieks of the older boy sent many rushing to the elevator well. As they reached the first floor the body of Harry fell to the basement floor below. The older boy was unable to stop the elevator, and he made a reckless attempt to jump through a window as the elevator passed it. Fortunately he was thrown back to the elevator floor, getting badly bruised.

At the second floor an employee in the building, J. Markovitz, jumped on the elevator and brought it to a stop. The older boy was almost hysterical from fright and ran from the building and a long distance up the street.

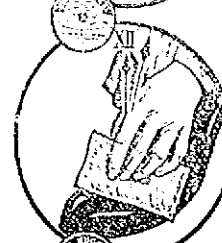

# Quick and Easy with "Nugget"

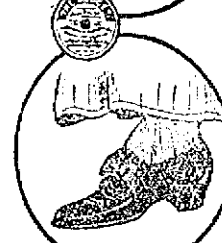

Two minutes each day with "Nugget"—that's all. And then—your shoes will always look handsome and well groomed.

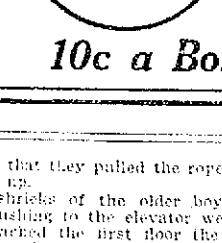

A "Nugget" Polish is not the common, every day "shine" of the boot black, but a soft, lustrous sheen such as you find on new shoes of the most expensive kind.

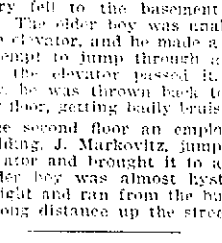

"Nugget" did nothing more than this: it would be enough, but—

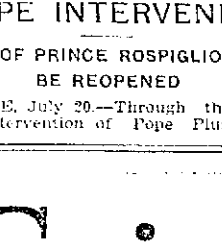

"NUGGET" POLISHES For Shoes

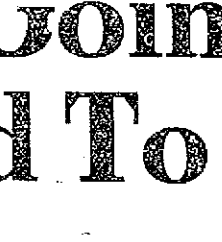

feels the hungry leather. Keeps it soft, smooth and pliable. Banishes unsightly ridges, prevents cracking and keeps the shoes trim and shapely.

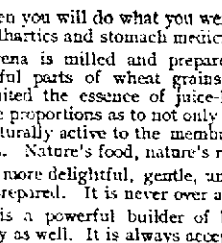

It waterproofs the leather, too. Little time, little work and no smudging the hands or clothes.

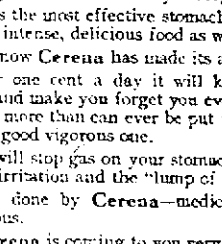

"Nugget" comes in a little box at a tiny price, but it's a mighty big thing for shoes.

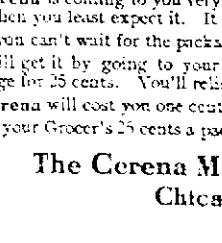

"Nugget" Polishes and "Nugget" Kiss (a handsome little box containing a box of "Nugget," a brush and Selyt finishing pad) are sold at good shoe stores, drug stores, grocers, and by dealers everywhere.

# Something's Going To Be Handed To You--

SOMETHING is going to be handed to you very shortly, and it is going to be free. It is going to be something new and different than anything ever before produced. You are going to go wild over it, just as thousands of other people have all over the country.

It is one of the most delicious mouth-watering foods you ever ate; and it is a remedy besides.

We are now going to tell you about it, in plain talk so you'll not forget it.

You, you and millions of people just as smart as you are, are walking around every day so stopped up they can't think.

They have been constipated so long that it has almost become natural for them to think thick, drag heavily and work wearily.

They've become poisoned—brain, blood and body poisoned. Some know it and some don't. Those who don't know it would get "mad" if you'd tell them.

But what a man or woman isn't liable to get as a result of constipation isn't worth telling about.

You can shake your fist at almost any old disease if you have the bowels, that "clock work" every twenty-four hours.

This is plain talk, but any doctor will tell you the same thing, only he may not be so straightforward perhaps in his language and it won't make the impression on your mind.

The pill-eaters who try to keep their over-due bowels going every day are just as bad if not worse than the stopped-ups.

You and every other cathartic user have got to quit taking pills and "movers" if you want to get rid of your constipation for good.

Cathartics of course do clean out the bowels, but they also clean out the bowel-moving juices, which are secreted by nature to make the bowels work easy and right.

But here is the rub. When these natural juices are cleaned out by cathartics, your bowels become mere dead-pipes. Then you get a bad case of constipation, and more pills are swallowed, and more, and more, and more.

Thus it goes on over and over again until your bowels become about paralyzed. Then as you continued constipated the poison is absorbed into the blood.

It goes to the brain, naturally, and to every organ of the body. It goes to your face, it goes to your head and gives you headache and makes you dizzy and drowsy. It goes to the stomach and makes it rebel, causing dyspepsia and bad breath. It goes to your liver and causes biliousness, goes to your nerves and makes them weak and you feel draggy in the middle of the day when you ought to be up and doing things.

Besides, medicine bowel-movers inflame and weaken the bowels. Cathartics contain aloes, calomel, croton oil, cascara, jalap, blue mass, asafetida, senna, opium salts, castor oil, nux vomica, belladonna, and other bowel-eaters and bowel-paralyzers. Laxative mineral waters are no better, for they contain mineral acids which have the same effect as other drugs.

Now you know all this to be true. It is common-sense. So now quit your pills and cathartics, make your food, your natural food move your bowels for you. That is common-sense, too—good bowel sense.

You eat food to keep up your body, why not eat to keep it healthy?

A delicious food which is new and different from anything ever before produced, which absolutely cures constipation, dyspepsia, fermentation and stomach disorders and yet contains intense nutrition is going to be handed to you free very shortly before you expect it.

As soon as you get it, you are going to try it—at your first meal. You and the whole family are going to grow wild over this delightful stranger in your home, because it is irresistibly delicious.

Its name is Cereana.

Then if you are sensible, you will snatch the cathartic and dyspepsia medicine from your shelf, or perhaps you first want to wait a bit to see how Cereana acts.

There will be no use in waiting because you'll forget you were ever constipated. There will be no fermentation, no irritation, no heartburn, no dyspepsia.

Then you will do what you were going to do at first and snatch the cathartics and stomach medicines from your shelves.

Cereana is milled and prepared from the most nutritious and healthful parts of wheat grains, corn and other cereals. With it are united the essence of juice-laden fruits and vegetables, in such precise proportions as to not only make them delightful to the taste but naturally active to the membranes of the stomach and internal organs. Nature's food, nature's remedy.

No more delightful, gentle, unnoticeable bowel regulator has ever been prepared. It is never over active, never causes embarrassment.

It is a powerful builder of bone, flesh and muscle, and yet a remedy as well. It is always acceptable to the most delicate stomach.

It is the most effective stomach remedy and bowel invigorator and yet an intense, delicious food as well.

So now Cereana has made its acquaintance.

For one cent a day it will keep your bowels on happy schedule time, and make you forget you ever had bowels to worry you. This means more than can ever be put in print. It will give you an appetite, a good vigorous one.

It will stop gas on your stomach, indigestion, fermentation, heartburn, irritation and the "lump of lead" will disappear.

All done by Cereana—medicinesless, pure, never disappointing, delicious.

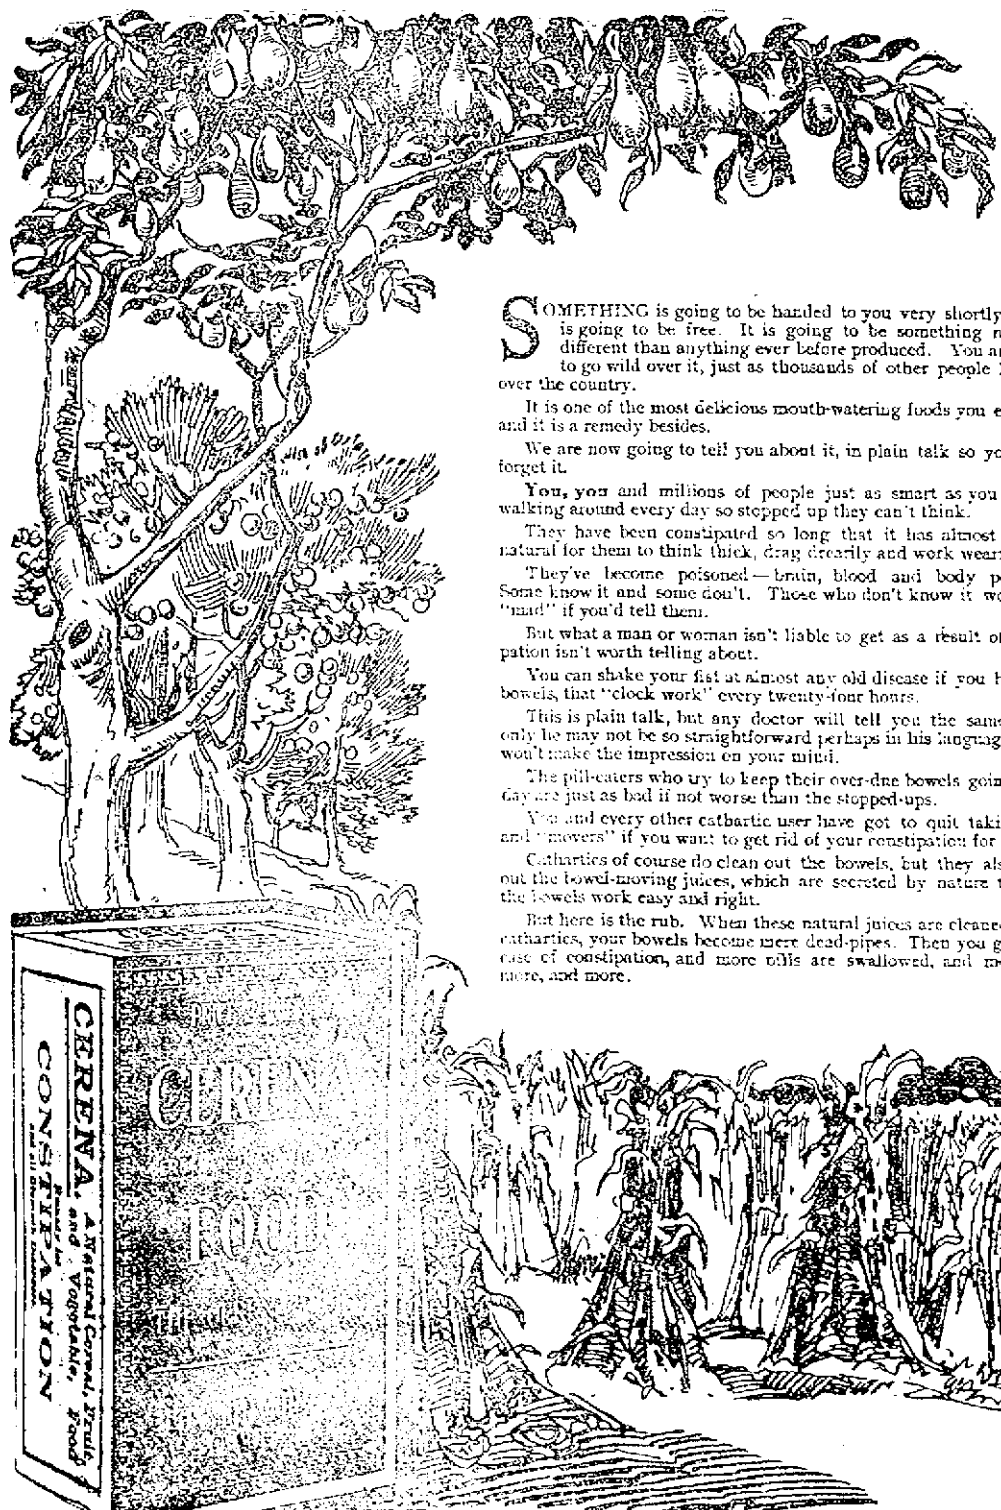

Cereana is coming to you very shortly—it is going to be handed to you when you least expect it. It will be a treat.

If you can't wait for the package offer, and want immediate relief, you will get it by going to your grocer and buying a liberal sized package for 25 cents. You'll relish it and feel rosy.

Cereana will cost you one cent a day.

At your Grocer's 25 cents a package.

The Cereana Milling Company  
Chicago, Ill.

# A DYING WOMAN

## Said That Man Pushed Her Out Of a Window

NEW YORK, July 20.—Prompted by a dying woman's accusation, the police early today searched for a man named Adam Hoffman or Husman of Schenectady, N. Y., after several hours' investigation were unable to obtain any trace of him. Mary Peck, 34 years of age, was found unconscious on a sidewalk in front of her home on West 45th street at an early hour. She died a few hours later after making the police say an ante-mortem statement accusing a man whose name she gave them of pushing her from the window of her apartment. The only arrest thus far is that of Harry Kerrigan also known as Peck and said to be the woman's husband. The woman fell to her death after returning from a social gathering in another apartment of the house where she resided.

# AMERICAN GIRL

## Miss Wanamaker is to Wed Count

PHILADELPHIA, July 20.—An announcement was made yesterday of the engagement of Miss Fernande Wanamaker, daughter of Rodman Wanamaker, of this city, and Arturo Heeren, son of the Count and Countess Heeren, of Paris and Biarritz. Mr. Heeren has been a visitor to this city twice, and was the guest of honor at several small entertainments. He is one of several brothers and sisters, and spends most of his time at Biarritz, where the family has its principal residence.

Miss Wanamaker, who went abroad with her grandmother, Mrs. John Wanamaker, about a month ago, is still in Europe, and no date has been set for her return. She made her debut in this city December 14, 1906, at a ball given for her by her father at a town house, No. 1722 Spruce street. No date has been set for the wedding.

## WAS KILLED

### MAN IGNORED POLICEMAN'S WARNING

PHILADELPHIA, July 20.—Albert E. Conti, 46 years old, of No. 452 Fifteenth St., Brooklyn, ignoring a policeman's warning, crawled under the lowered safety gates at Ninth and Brown streets last evening and was struck by a Northtown passenger train of the Philadelphia & Reading Railway. He received injuries from which he died soon after he was received at the Roosevelt hospital.

Identifications were made by D. Diello, a shipping agent and banker, of No. 150 South Seventh street. Conti, it was learned, is an interpreter in the coroner's court of Kings County. He and his wife and three children came here yesterday. Conti started to find a place where his family could spend the summer. He rented a farmhouse at Vineland, N. J., and was on his way to a boarding house to inform his wife when the accident occurred.

## ON STRIKE

### EMPLOYEES OF KOREAN ROAD QUIT WORK.

SEOUL, July 20.—Korean employees of the electrical railway system in Seoul went on strike today. The property was recently transferred by the American company which built the line to a Japanese syndicate. The strikers threaten to storm the offices of the syndicate and are only held back by a strong force of gendarmes.

**TENNIS TOURNAMENT.** BOSTON, July 20.—Play was resumed in the tennis tournament today on the courts of the Longwood Cricket club with the finishing up of the matches in the second round followed by the opening rounds of the eastern doubles championship. The weather during the earlier part of the day was most desirable for fast work with clear skies and a cool breeze to temper the sun's rays. The matches between William J. Clothier of Philadelphia, former national champion, and R. C. Seaver, Massachusetts singles champion for the past five years, which was postponed yesterday on account of the showers, was featured on the card of singles matches today and a sharp contest was expected.

The doubles championship which is generally the more spectacular and therefore the more interesting to the public, was not expected to begin until the afternoon. This part of the tourney is of much importance to the followers of the game as the winners gain the privilege of meeting the best players of the south and west in Chicago early in August. The victorious team wins the additional right to challenge Alexander and H. H. Hackett, at the Newport doubles tournament. In the doubles the matches included many players of note. Interest was centered principally, however, on the match of William J. Clothier and W. S. Johnson of Philadelphia against M. D. Whitman and Dwight E. Davis.

## BOY DROWNED

### LAST NIGHT WHILE SWIMMING TO WIN A BET

NEW YORK, July 20.—Raymond Burbank, Jr., son of a very wealthy wholesale dealer, went in his bathing suit to the beach at Gifford's Station Island last night. With him was Charles Wilson, a boy who also lives at Gifford's. Burbank's carboy was 200 yards from the beach, anchored.

"But a couple of cigars I can swim to the boat," said Raymond. "You're on," said Wilson, not thinking his friend would attempt to make good his boast.

Raymond plunged into the surf. He fought his way valiantly to within 10 feet of the boat. Then, in the dusk, Wilson, his eyes straining, saw the boy rise up his hands. He could not hear a cry and at distance but he plunged in and being a better swimmer than Raymond, reached the boat. Raymond was not in sight. There was a heavy undertow, and presumably the body was washed far from the spot where the lad went down.

The elder Burbank hired a life guard of fishermen and owners of launch boats last night to scour the waters in an effort to recover his son's body.

## THEATRE VOYONS.

Today is Grand Army Day at the Theatre Voyons and the members of that organization will be guests of the management at both afternoon and evening performances. The program for the Washington players, made up for the occasion yesterday and another picture which will be a big hit is "The Empty Sleeve," a story of the Civil War. There is a very funny comedy given on the bill and a patriotic reading is also a feature. The two songs "A Grand Army Man" and "The Hat of Eve" the latter a duet, make a big hit and are really fine selections. The program will be continued today and tomorrow.

# SIGN OF PROSPERITY

## Big Rush of Children to the Truant Commissioners

The truant commissioners report the greatest number of children applying for certificates to go to work that have come before them in many years. Annually when the vacation season opens there is quite a rush of children between the ages of 14 and 16 for certificates permitting them to go to work in the mills and elsewhere. The law provides that any child 14 years of age or over who can read and write English may receive a certificate permitting him to go to work without further attendance at school. The truant commissioners examine the applicants and give out the permits.

Last year 251 such certificates were given during the two months of July and August, whereas this year from June 15 to July 15, only one month the number of certificates given out was 475 and they are still coming.

A remarkable fact in connection with the granting of certificates is that 95 per cent of the children who have applied are the children of American, English, Irish and French parents, and mostly native born, who have always spoken English, while there are only a few of them who had to learn English after coming here.

The truant commissioners take this great number of certificates to mean that the mills are employing help in great numbers and that every certificate granted means a job without delay or in other words that industrial prosperity is getting around again.

## THE JAPANESE

### Send Out a Warning to Chinese

TOKIO, July 20.—The Kokumin, one of the most influential of the Japanese newspapers and which is generally regarded as the mouthpiece of Marquis Katsura, the premier, in matters pertaining to the government's policy in an article today discusses the situation between Japan and China and strikes a somewhat alarmist note. The article says:

"The Japanese government is exercising all possible patience but is not carrying its endurance to the point of sentimentality. Unless China's mood changes before the conclusion of the month, Japan will be obliged to assume a different attitude."

## OXYGEN USED

### ON ATHLETES TO PREVENT ABUSE IN GAMES

NEW HAVEN, July 20.—Unique experiments have just been completed at Yale relating to the effect of altitude, mountain climbing and high altitudes in general upon the heart. The series was begun because of the collapse of Yale oarsmen in crew races in the past few years. They were ordered to ascend the mountain and the authorities determined that no more rowing candidates with unsound hearts should be allowed in the boat.

The most rigid physical examination ever given at any university followed before oarsmen and other athletes were allowed to become members of any varsity team. The examinations were conducted by Professor William G. Anderson, director of the Yale gymnasium, and they led him into fields of scientific research which will prove revolutionary and far reaching.

The condition of the hearts of hundreds of athletes who came from different schools and are engaged in college sport has been studied and the extended list of facts secured from which conclusions have been reached of the effect of athletics on the hearts of young men of school age. Comparisons have been made of the condition of students who take part in athletics with those who do not and those who come from preparatory schools where athletics are allowed with those who come from the preparatory schools where athletics are prohibited.

The report on this branch of the investigation will be announced in October. Dr. Anderson has pursued the investigation into the field of the value of oxygen in athletics and its reliability in cases of dyspnea or difficulty in breathing and heart failure, whether caused by overexertion or by high altitudes.

## HEARS HE'S DEAD

### CONNECTICUT MAN RECEIVES CONDOLENCES OVER PHONE

WINSTED, Conn., July 20.—The report became current in Norwalk last night that Edward Sprague had died. The Sprague family, a well known family of the town, has telephone connections and officers began to telephone their condolences to members of the bereaved family.

"Mr. Edith Haskins," launched Mr. Sprague, who answered the telephone calls, the first. But he would like to go on and started the report.

## Our Quick Loans

### Solved the money problem

A man owed \$15 to five different people. He was earning a salary of only \$12 per week, and was being constantly harassed by his creditors, who could not wait for him to get his next salary. He could have enough of his small income to pay the whole amount he owed them. To him it seemed impossible to pay them with their demands and he was in a very bad way. He called on our quick loans and got the money he needed. He paid off his creditors in full and now has peace of mind, as he is only asked to pay \$1.00 per week in repayment of the loan. Call to see us; we will explain to you our modern system.

Call, write or phone us.

American Loan Co. Room 10, Eldredge Bldg. 45 Merrimack St.

# NOT YET BUT SOON

## FOR DEFINITE INFORMATION REGARDING JUDGE LILLEY

"Have you heard from Judge Lilley, yet?" asked a reporter of Mayor Brown today. Mayor Brown's silence the reporter replied, "I expect to have something definite on that matter tomorrow."

# THE LAZYBUG

## Health Boards to Fight Disease

WASHINGTON, July 20.—The hookworm or lazybug as it has been shown to exist in the southern states, according to investigations of the physical conditions of army recruits will form an interesting chapter in the forthcoming report of the surgeon general of the army and probably will lead to a widespread effort on the part of the health boards in the southern states to eradicate this disease which a few years ago was brought prominently to the attention of the world in connection with the Porto Ricans. When the hookworm, referred to the medical world as uncinaria, was declared to be prevalent in Porto Rico resulting in a tendency to indolence on the part of the patient who otherwise appeared in usual health there was no suggestion that this peculiar parasite infected people in the United States. Through the careful methods that have been adopted in the United States army this disease has been shown to exist to a large extent.

This investigation has been progressing quietly during the last six or seven months, so that when Surgeon General Thorneycroft makes up his annual report he will have data to show the prevalence of the hookworm among soldiers enlisted from southern states. The recruits passing through the army depots at Fort Slocum, New York, were examined to the number of one hundred and forty, one hundred and nine of them being infected with the parasite West Virginia, Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama and Tennessee, all supplied recruits that were infected. In only two instances in this series of investigations was the anemia sufficiently severe to cause their rejection. After being treated all of the infected soldiers returned to the front and improved in condition generally.

Following this investigation of recruits it was discovered that uncinaria was a common disease throughout the southern states. The surgeon general may suggest the possibility of instituting a campaign against the disease in the south but under present conditions it is said but little can be done except through the agency of state government.

## CANOBIE LAKE THEATRE

The attraction at Canobie Lake theatre this week will be a lively musical comedy known as "A Night in Bohemia." The production is said to be one of the best in the repertoire of the Canobie Theatre company, and those who have already witnessed the work of this clever company give the members credit for being bright singers, clever dancers and entertaining actors.

The improved theatre with its orchestra makes an ideal spot in which to rest and be amused while visiting the lake and the lakeside. Messrs. J. Fred Lees and John E. Adams have made every possible effort for the comfort and amusement of their patrons.

This week's show should draw a large attendance if the weather is favorable. The performances take place twice daily at 2:15 and 8:30 p. m.

## FIRE SALE

### Paints, Wall Papers, Varnishes, Brushes, Enamels,

and a large stock of articles carried in first class paint and paper hanging stores.

Goods but little damaged but must be sold at once. The prices are the lowest ever.

155 Chelmsford St.

## STAR THEATRE

"Amateur Night" This means "a laugh a minute." Tonight everybody from David Warfield to Fanny Brice will be impersonated by the world's best comedians at the Star Theatre. There are dancers, singers, musicians and all kinds of entertainers. Besides the regulars there will be a young army of volunteers all of whom expect to see their names on the bill-boards.

New pictures will be shown tomorrow, including "Joan of Arc."

The story of "Joan of Arc" was recently depicted at the Harvard stadium by Maude Adams and a big company and was a monster spectacle.

If you want help at home or in your business, try The Sun "Want" column.

## A SIGN OF THE TIMES

We deplore the inconvenience to our customers by the closing of the Sunlight Shoe Store, 100 Central street, Wednesday and Thursday of this week during alterations. A visit to our store after the alterations are completed will convince you of their necessity. You know our shoes? Their quality and style are second to none. The last three years (three years) have been the best in our history. The reason for this is plain. Watch Thursday and Friday papers for further particulars.

## AUTO CARNIVAL TOWN MEETING

## Board of Governors Met Last Night

## LABOR MEN WERE BEFORE THE BOARD

The Pontoon Bridge Will Prove Very Expensive—Other Matters Including Complaints Discussed at Length

The board of governors of the Lowell Automobile club at its meeting last night listened to a number of "kicks" which were entered. Practically every person who appeared before the board had some complaint or other to register. The board took the matters under advisement and will report on them at a later date.

An abuser on the race course, whose land will have to be used for one end of a foot bridge wanted to know where he was going to come in. After some little discussion the matter was turned over to the satisfaction of all parties concerned.

Philip Connors who had been piling wire in order that the club might have a fence around the race track, which took the governors under their feet. They decided that they could look into the matter themselves.

Joseph E. Convery, Thomas T. Reagan, Michael Lee and Frank M. Bell, representing the labor unions, were present and spoke relative to securing Lowell carpenters to work on the grandstand, beach, and other structures to be erected. Bell argued that the union carpenters should have the first call and then the non-union men, but that Lowell carpenters, union or non-union, should be given the opportunity first of all to work. After that it was immaterial where the contractors went for their employees.

There were several other little matters discussed. Mr. Convery brought up the matter of a parade on Labor day. Mr. Heinze wanted to know whether a vote could be taken shortly on the matter. Mr. Convery finally decided to have a conference Thursday night with Mr. Heinze relative to calling a special meeting of the Trades and Labor council on Sunday.

Treasurer John A. McKenna asked that he be placed under bonds and upon motion of Mr. Bean it was voted to place Mr. McKenna under bonds of \$10,000, the bonds to be secured by the club.

There was considerable discussion relative to the pontoon bridge. Mr. Robertson said it would take 20,000 25-cent admissions to pay for the construction of the bridge alone, and that the bridge would mean nothing to the club. However, if it could be erected without incurring too many other expenses he favored it. If not he believed it should be deferred until this evening when another meeting of the board of governors will be held.

L. S. C. Dance tomorrow night.

## LAKEVIEW THEATRE.

At Lakeview theatre last night the first presentation of that "never miss" comedy drama, "Gentleman Jim," the diamond thief, was given and everyone was well pleased. The play is of New York life replete with stirring scenes and situations with a strong love interest running throughout. Mr. Kennedy in the title role was pleasing all the way through and the rest of the company have parts that seem as though they were written for them, so smoothly does everything go. The latest thing that came fashion has put

forth is called "The pantheon dress," and as it is the custom with the management to have everything up to date, Miss Agnes Lee is wearing one this week and looks just as stunning and stylish as can be. This much talked of garment seems to be a combination of the old style bloomers and the full skirt, probably a result of the garment prescribed by Amelia Bloomer, and half sister of the lower skirt, and that seen beneath the short skirts of the Turkish women. But to matter who prescribed the dress it looks good so that it is all that can be asked for. As usual there will be matinee given daily commencing today and seats will be on sale at Currier & Sherburne's drug store one week in advance.

## Held in Billerica to Discuss Finances

## A meeting of the citizens of Billerica

was held in Union Hall, North Billerica last night for the purpose of discussing the articles that are to be acted upon at the special town meeting to be held Wednesday night. The principal article under discussion was in relation to extending the water line at the annual town meeting where it was voted to raise and appropriate the sum of \$3000 for extending the water line on High, Bond and Anderson streets.

Frederick S. Clark called to order and told the voters that the proposed appropriations if carried would mean an increase in the taxes of \$1.50 per thousand. He felt that the best way to bring the matter to a proper adjustment would be not to have the

## TEN YEARS OF SCALP ERUPTION

Tiny Pinhead Pimples Filled and Hurt Tremendously—Tried Everything in Vain—His Daughter's Scalp was Crusted—Both Found

## SIMPLY SURPRISING CURE IN CUTICURA

"It is a great pleasure for me and I consider it a duty to inform you what Cuticura has done for me. About twelve years ago, I contracted an eruption of the scalp consisting of small pimples, about the size of a pinhead, which filled after a few days with pus and which hurt tremendously. I tried everything, but in vain. Finally, I washed my head with sulphur and applied a carbolic ointment. After a few days the pimples disappeared, only to come back again in a week. This I suffered for ten years and then I saw an advertisement in the paper of the wonderful cures by Cuticura. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Pills and after three weeks I had used only half the Soap and Ointment and my head was as clear as ever before. After the first application it was simply surprising how it improved.

"My daughter used Cuticura Soap and Ointment for scales on the scalp and after having used them three times her head was clear and the hair became as soft and fine as silk. Since then she uses nothing but Cuticura Soap for shampooing.

"In consequence of my having used Cuticura Soap for shampooing, I noticed that my hands which almost always were cracked from handling undressed wood, lime and stone, became white and velvety. Formerly I used glycerine, but one night's treatment with Cuticura Soap and Ointment does more for my hands than a week's treatment with glycerine. I hope all suffering people will at last try Cuticura Remedies. Herman Becker, Field, Wis., November 9, 1905."

Millions of women throughout the world use Cuticura Soap and Ointment for eczemas, rashes, itching, irritations, inflammations, chafing, pimples, blackheads, dandruff, dry, thin and falling hair, scalds, sunburn, itching, and for the toilet, bath and nursery.

Cuticura Remedies are sold throughout the world. Potter Drug & Chem. Corp., Sole Mfrs., 135 Columbia St., Boston, Mass. Cuticura Remedies, making free trials will at last cure your skin and cure and treatment of Diseases of the Skin, Scalp and Hair.

## MANSLAUGHTER

## Is the Charge Against Fred Rankin

KENNEBUNK, Me., July 20.—Fred Rankin of this town was brought before Justice Haley yesterday afternoon on a charge of manslaughter in connection with the death of his housekeeper, Mrs. Della Littlefield, and found over without bail to await the action of the September grand jury. He was committed to the county jail at Albion.

Mrs. Littlefield died July 7 as the result, it is alleged, of wounds received in a quarrel with Rankin a few nights previous. Since the quarrel Rankin has been in under arrest since the quarrel and sent him to the state insane hospital for observation. Mrs. George W. Bourne and E. C. Lord examined Rankin and pronounced him sane. Plans had been made to commit him to the insane asylum.

## LOBBY RETURNS

## FILED WITH THE SECRETARY OF STATE

Among the returns filed in the office of the secretary of state yesterday under the "lobby act" was one showing that Cuticura Soap paid David J. Maloney \$200 for securing \$1000 for her on account of the death of her husband in the Chelsea fire.

The other returns filed were: The National Association of Audubon societies paid E. H. Forbush for his expenses in connection with legislation affecting the protection of birds.

Christopher Nitz paid George Holden Tinkham \$250 for his services on the bill to permit the sale of soda, ice cream and confectionery on the Lord's day.

The town of Seltone paid Harvey H. Pratt a fee of \$500 for legal services on the bill to change the boundary line between Seltone and Cohasset.

The New England Telephone & Telegraph Company paid Powers & Bell \$2810 as legislative counsel. C. E. Davis received a fee of \$1200 and expenses of \$500 as legislative agent and the company states that it paid to E. J. Bachman, also a legislative agent, nothing but his yearly salary.

The Columbia National Life Insurance Company paid Hallowell & Hammond \$850.

Trunk Found

IT HAS BEEN MISSING SINCE 1907.

NORTHAMPTON, July

# STATE MILITIA

## To Protect the Coast From 9000 Invaders

BOSTON, July 20.—Members of the state militia await with intense interest the coming maneuvers, in which between 12,000 and 15,000 men will participate.

Massachusetts, especially near the coast line, will experience from Aug. 14 to 21 all the sensations and thrills of actual war. An army of 8,000 of 9,000 men will land from transports somewhere along the coast, and will be met and repulsed, if possible, by the entire militia force of the state, about 6,000 men.

From day to day there will be battles and skirmishes between the two armies.

Plymouth county will probably be the scene of the most important maneuvers, and Middleboro will very likely be the center around which will revolve the entire action, it is said.

Major General Leonard Wood, U. S. A., commander of the Department of the East, will be the chief umpire, and after it is all over will make an extensive report to the war department. Military attaches representing all the foreign governments will attend the maneuvers as spectators as well as prominent United States army officers and the governors of half a dozen states with members of their respective staffs.

Brigadier General William A. Pew of the Second Brigade, M. V. M., will command the Massachusetts troops, and the invading army will be commanded by the Massachusetts troops, S. A., chief of the war college. The armies will be distinguished from each other by colors worn. The Massachusetts troops will be known as the "Blues" while the invading army will be known as the "Reds."

The invading army will be composed of militia from several states. Connecticut will send two regiments of infantry, one battery of light artillery, a signal corps and a troop of cavalry; New York, three regiments of infantry, three batteries of light artillery, four troops of cavalry and two signal companies; New Jersey, a troop of cavalry; the District of Columbia, two regiments of infantry and a battery of light artillery. Possibly there will also be a small detachment of regular troops.

Both brigades of the Massachusetts militia and also the First and Second Corps of Cadets will take part, devoting their entire energies to defending the state from invasion, and if it is necessary will try to drive the invaders out of the state.

"Nothing can be said just now of the exact form the maneuvers will take, for I do not know myself just what the plans are," said Adjutant General William H. Brigham to a Post reporter yesterday. "General Leonard

Wood is to be in charge, and I expect to have a conference with him in a few days. He desires to keep the plans a secret."

At the adjutant general's office yesterday there was a meeting of the heads of the commissary departments in regard to rations and transportation for the Massachusetts troops during the maneuvers.

It is the intention to have the invasion come as a complete surprise, just as it would be in actual war. When the news of the attack becomes known the regiments of Massachusetts militia will be quickly summoned to the front from their respective armories and the fighting will begin.

One troop of regular cavalry from Fort Ethan Allen in Vermont will act with the Massachusetts militia during the maneuvers. There will be no other regular in the army of defense.

Complete details for the maneuvers will not be complete for a week or more, as Adjutant General Brigham will have to have several more conferences with General Leonard Wood before the arrangements are complete.

A general order will be issued by Adjutant General Brigham in regard to the transportation and rationing of the Massachusetts troops during the maneuvers, which is very important in such a big military demonstration.

Massachusetts has never seen anything of the kind before. The maneuvers will be on a scale almost equal to the war practice maneuvers in Germany, France and other European countries several times a year.

**DOUBLE TRAGEDY**  
Men Killed His Wife and Himself

DENVER, July 20.—While listening to the strains of the "Holy City" on a phonograph, Frank Parr, a resident of Argo, a suburb of Denver, shot and killed his wife, Elsie, and then ended his own life with a bullet.

The couple had been separated for the last six months. The tragedy occurred at the home of Mrs. Parr's mother, Mrs. James Brown. Mrs. Brown had refused to allow her daughter to return to the home with Parr, who, she claimed, had been cruel.

When Parr went to the Brown home he appeared to be in good spirits and asked his wife to play the record of the "Holy City" on the phonograph. This she did, and while they were listening Parr suddenly began shooting.

## LOST IN WOODS RECORD BROKEN A MOTORMAN

Charles Riley Found Nearly Exhausted

LEWISTON, Me., July 20.—Charles Riley of this city had a narrow escape from death in the woods near Hildreth pond in Wed last week. He had been in camp three and upon leaving undertook to take a short cut, lost his way and became bewildered. He traveled night and day for nearly a week in the woods in a tract not over a quarter of a mile square.

He was found by William Hines of Farmington, who was out in the woods looking for a spring. He heard cries and looking about found Riley on his knees digging in the earth and groaning.

Riley's clothes were nearly torn from his body and one foot was missing. When he left the camp he was carrying a rifle and carried an extra coat, but this was missing. Mr. Riley was helpless and was bordering on insanity. His mind is a blank regarding his wanderings during a large part of the time that he was lost.

Mr. Hines took him to his camp and gave him food and provided him with whole clothes and then sent him to his home in this city.

**GEORGE M. STACY**  
Alleged to be Well Known Burglar

BOSTON, July 20.—George M. Stacy, formerly a teacher in Cambridge, whom the police consider one of the best known burglars in the east, was arrested yesterday by the Boston police.

The arrest was made just after Chief Manning of Greenfield had left Boston after a three days' visit for Stacy to turn up.

Inspector Thomas J. Norton of headquarters got on the track of Stacy by finding in a pawnshop jewelry which had been stolen in Greenfield.

Yesterday a pawnbroker ran into station 3 and told Capt. Peabody that a man just outside was wanted by Inspector Norton. Patrolman Thompson ran out, Stacy was designated and apprehended. By pictures and body marks at the bureau of criminal identification Inspector Gustafson positively identified him.

A flashlight and a revolver were found on Stacy. He has been known under the aliases of George Sullivan, George Stilson, Charles Stark, Charles Stanley and Charles Stanton.

Chief Manning of Greenfield, came to Boston this morning for Stacy. The man is said to have a long prison record.

**YEAR IN JAIL**  
FOR CHAUFFEUR WHO RAN DOWN A WOMAN

NEW YORK, July 20.—Edward Thompson, 19 years old, a "boy-rigger" chauffeur, who pleaded guilty to running out his employer's motor car without the owner's consent, was sentenced yesterday to one year in the penitentiary for running down Mrs. North Lockwood and breaking her arm while out with the car.

Man Granted Divorce in Knocked Out Several Militiamen

LOS ANGELES, Cal., July 20.—AR Pacific coast records for rapid divorces were broken this morning when Judge W. P. James granted an interlocutory decree of divorce to Allison M. Miller of the Pacific Electric system in just three minutes. There were just two witnesses.

"My wife just said goodbye and left me," said Miller. "I always treated her kindly and gave her no reason for deserting me." Miller then left the stand. Mr. Graves, a friend of Miller's was the next and last witness. He testified to Miller's home life, having known of him back in Boston, where Miller worked up to a year ago.

Judge James then granted the divorce and three minutes had elapsed by the court room time piece.

The Millers were married in Massachusetts in 1893.

**NORTH CHELMSFORD**  
Arthur W. Truhey of North Chelmsford has been elected assistant teacher of manual training in Fitchburg. He was selected from a large number of candidates. He will succeed William Briggs who declined a re-election after serving as a teacher for 27 years.

Clayton Coolidge of Ogden, Utah, formerly of North Chelmsford, where his uncle, George W. Swift, resides, has been appointed inspector of small arms practice for the state of Utah on the staff of Colonel Lammie of the First Infantry. He will have the rank of captain. The position was created by executive order, and the appointment made upon the recommendation of Adj. Gen. Wedgewood, Captain Coolidge is an enthusiastic all-round sportsman, a crack shot, and one of the best informed men on military matters in the west. He made the highest score at the recent revolver competition between the officers of Fort Douglas, state prison guards and officers of the national guard. Captain Coolidge has an aunt, Mrs. A. N. Smith, living in Lowell.

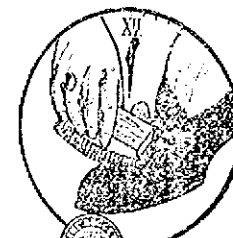

**FOUR BIG MILLS**  
ARE TO BE ERECTED IN NEW ENGLAND THIS SEASON

BOSTON, July 20.—That the cotton and woolen industries of Massachusetts can be improved within a few years is the opinion of several New England men, who are willing to back their opinion with \$10,350,000, put into four great mills, to be erected at East Boston, New Bedford and Lawrence.

It is planned to build a mill in East Boston, to be known as the Fox cotton mills, expected to cost \$5,000,000, two new mills at New Bedford, which will cost \$4,000,000 and a worsted mill to be added to the Arlington mills plant at Lawrence, which will cost \$1,350,000.

**GRANITEVILLE**  
Laura McCarthy, aged nine years and daughter of Mr. and Mrs. R. J. McCarthy, fell from the milk wagon of her uncle, John Healey, Saturday morning, dislocating her right shoulder and injuring the ligaments of the arm. She was attended by Dr. W. H. Sherman.

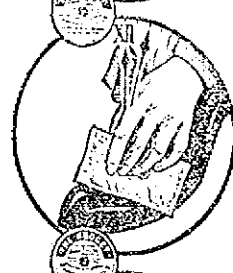

## Quick and Easy with "Nugget"

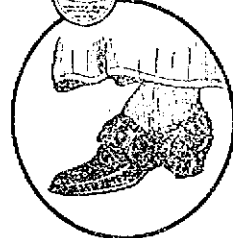

Two minutes each day with "Nugget"—that's all. And then—your shoes will always look handsome and well groomed.

A "Nugget" Polish, is not the common, every day "shine" of the boot black, but a soft, lustrous sheen such as you find on new shoes of the most expensive kind.

If "Nugget" did nothing more than this it would be enough.

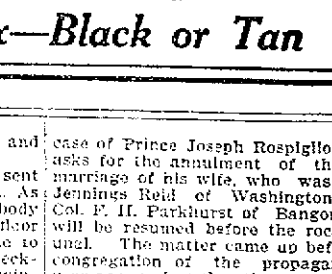

It waterproofs the leather, too. Little time, little work and no smudging the hands or clothes.

"Nugget" comes in a little box at a tiny price, but it's a mighty big thing for shoes.

"Nugget" Polishes and "Nugget" Kirs (a handsome little box containing a box of "Nugget," a brush and solvent finishing pad) are sold at good shoe stores, drug stores, grocers, and by dealers everywhere.

10c a Box—Black or Tan

## BOY WAS KILLED

Crushed to Death by an Elevator

BOSTON, July 20.—Harry Pennakoff, 6 years old, was crushed to death in a freight elevator in the Schwartz building at 10 Leman street in the West End, about noon yesterday, while taking a ride with his brother Nathan, 8 years old.

The little fellow was caught between the basement and second floor. The boys, who live with their parents at 121 Brighton street, had been sent to the North station to get stamps at the sub-postoffice. Nobody saw them go into the elevator, but it is

thought that they pulled the ropes and started up.

The shrieks of the older boy sent many rushing to the elevator well. As they reached the first floor the body of Harry fell to the basement floor below.

The older boy was unable to stop the elevator, and he made a reckless attempt to jump through a window as the elevator passed it. Fortunately, he was thrown back to the elevator floor, getting badly bruised.

At the second floor an employee in the building, J. Markovitz, jumped on the elevator and brought it to a stop. The older boy was almost hysterical from fright and ran from the building and a long distance up the street.

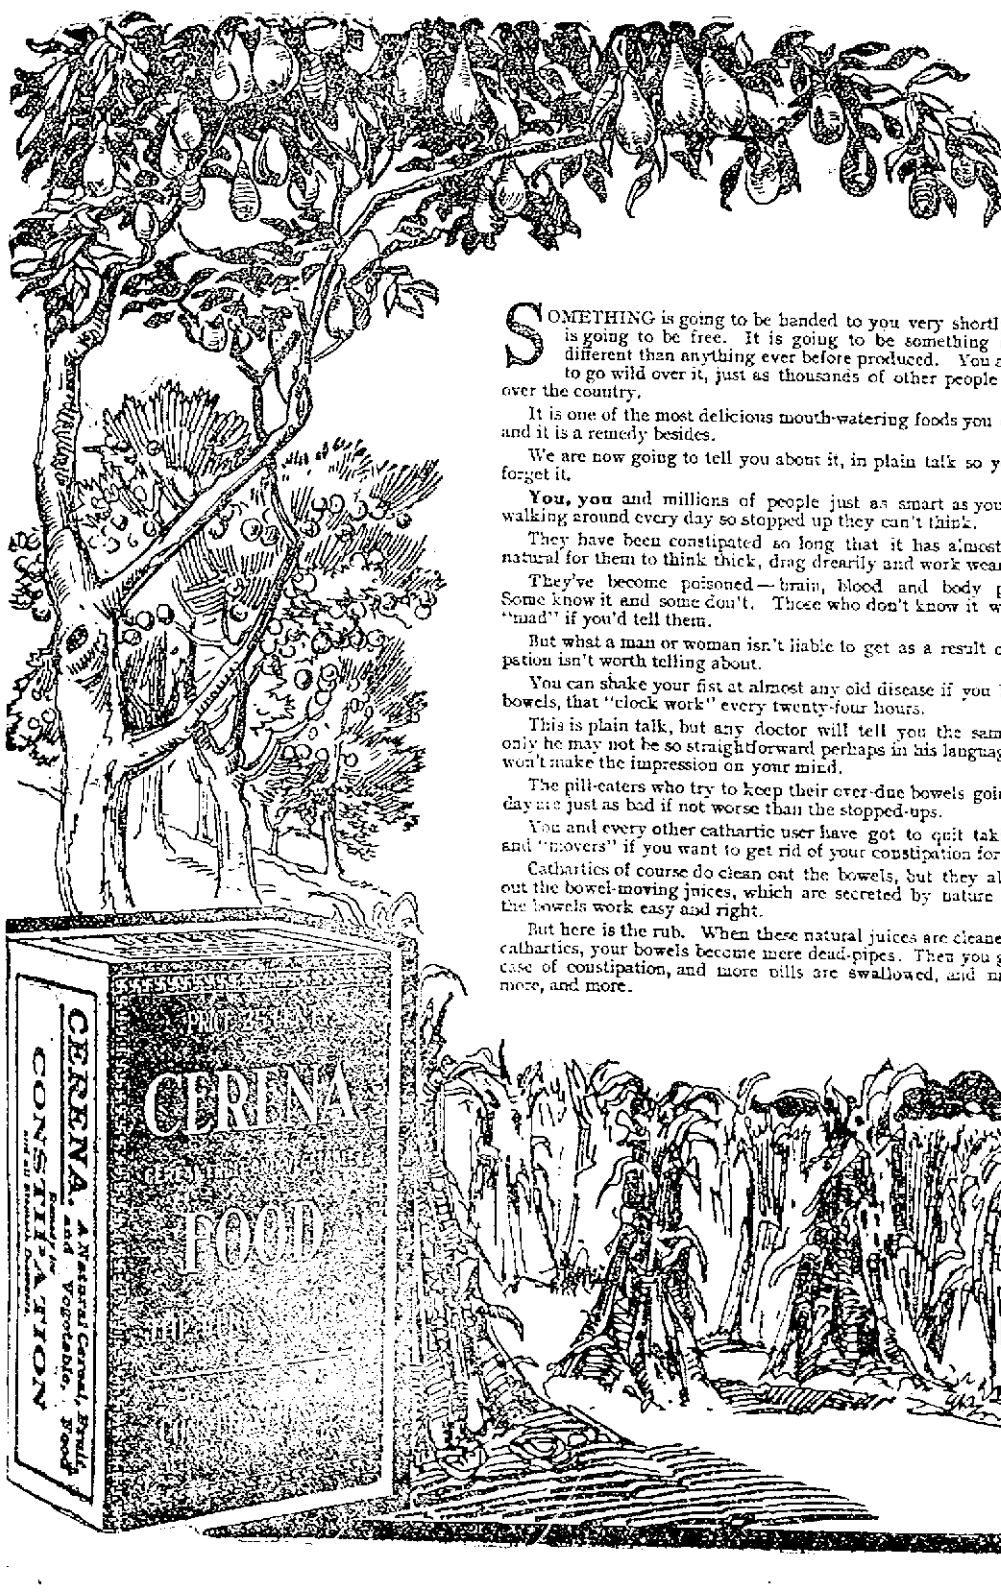

**POPE INTERVENED**  
CASE OF PRINCE ROSPIGLIOSI TO BE REOPENED

ROME, July 20.—Through the direct intervention of Pope Pius the

case of Prince Joseph Rospiigliosi, who asks for the annulment of the first marriage of his wife, who was Mary Jennings Reid of Washington, with Col. F. H. Parkhurst of Bangor, Me., will be resumed before the roca tribunal. The matter came up before the congregation of the propaganda a year ago, and at that time was decided adversely to the prince.

**QUININE PILLS**  
CAUSED THE DEATH OF 4-YEAR OLD BOY

NEWTON, N. H., July 20.—Fifty quinine pills swallowed yesterday by John, the 4-year old son of Cecil Drake of Swanton, near here, caused the child's death in a few minutes. The baby found the pills in his father's pocket and ran with them into the yard before they could be taken away. Half an hour later the body was found with the empty box beside it.

## Something's Going To Be Handed To You--

**S**OMETHING is going to be handed to you very shortly, and it is going to be free. It is going to be something new and different than anything ever before produced. You are going to go wild over it, just as thousands of other people have all over the country.

It is one of the most delicious mouth-watering foods you ever ate; and it is a remedy besides.

We are now going to tell you about it, in plain talk so you'll not forget it.

You, you and millions of people just as smart as you are, are walking around every day so stopped up they can't think.

They have been constipated so long that it has almost become natural for them to think thick, drag heavily and work wearily.

They've become poisoned—brain, blood and body poisoned. Some know it and some don't. Those who don't know it would get "mad" if you'd tell them.

But what a man or woman isn't liable to get as a result of constipation isn't worth telling about.

You can shake your fist at almost any old disease if you have the bowels, that "clock work" every twenty-four hours.

This is plain talk, but any doctor will tell you the same thing, only he may not be so straightforward perhaps in his language and it won't make the impression on your mind.

The pill-eaters who try to keep their over-due bowels going every day as just as bad if not worse than the stopped-ups.

You and every other cathartic user have got to quit taking pills and "movers" if you want to get rid of your constipation for good.

Cathartics of course do clean out the bowels, but they also clean out the bowel-moving juices, which are secreted by nature to make the bowels work easy and right.

But here is the rub. When these natural juices are cleaned out by cathartics, your bowels become mere dead-pipes. Then you get a bad case of constipation, and more pills are swallowed, and more, and more, and more.

Thus it goes on over and over again until your bowels become about paralyzed. Then as you continued constipated the poison is absorbed into the blood.

It goes to the brain, naturally, and to every organ of the body. It goes to your face, it goes to your head and gives you headache and makes you dizzy and drowsy. It goes to the stomach and makes it rebel, causing dyspepsia and bad breath. It goes to your liver and causes biliousness, goes to your nerves and makes them weak and you feel dragginess in the middle of the day when you ought to be up and doing things.

Besides, medicine bowel-movers inflame and weaken the bowels. Cathartics contain aloes, calomel, croton oil, cascara, jalap, blue mass, asafoetida, senna, epsom salts, castor oil, nux vomica, belladonna, and other bowel-eaters and bowel-paralyzers. Laxative mineral waters are no better, for they contain mineral acids which have the same effect as other drugs.

Now you know all this to be true. It is common-sense. So now quit your pills and cathartics, make your food, your natural food move your bowels for you. That is common-sense, too—good bowel sense.

You eat food to keep up your body, why not eat to keep it healthy?

A delicious food which is new and different from anything ever before produced, which absolutely cures constipation, dyspepsia, fermentation and stomach disorders and yet contains intense nutrition is going to be handed to you free very shortly before you expect it.

As soon as you get it, you are going to try it—at your first meal. You and the whole family are going to grow wild over this delightful stranger in your home, because it is irresistibly delicious.

Its name is Cerena.

Then if you are sensible, you will snatch the cathartic and dyspepsia medicine from your shelf, or perhaps you first want to wait a bit to see how Cerena acts.

There will be no use in waiting because you'll forget you were ever constipated. There will be no fermentation, no irritation, no heartburn, no dyspepsia.

Then you will do what you were going to do at first and snatch the cathartics and stomach medicines from your shelves.

Cerena is milled and prepared from the most nutritious and healthful parts of wheat grains, corn and other cereals. With it are united the essence of juice-laden fruits and vegetables, in such precise proportions as to not only make them delicious to the taste but naturally active to the membranes of the stomach and internal organs. Nature's food, nature's remedy.

No more delightful, gentle, unobtrusive bowel regulator has ever been prepared. It is never over active, never causes embarrassment.

It is a powerful builder of bone, flesh and muscle, and yet a remedy as well. It is always acceptable to the most delicate stomach.

It is the most effective stomach remedy and bowel invigorator and yet an intense, delicious food as well.

So now Cerena has made its acquaintance.

For one cent a day it will keep your bowels on happy schedule time, and make you forget you ever had bowels to worry you. This means more than can ever be put in print. It will give you an appetite, a good vigorous one.

It will stop gas on your stomach, indigestion, fermentation, heartburn, irritation and the "lump of lead" will disappear.

All done by Cerena—medicineless, pure, never disappointing, delicious.

Cerena is coming to you very shortly—it is going to be handed to you when you least expect it. It will be a treat.

If you can't wait for the package offer, and want immediate relief, you will get it by going to your grocer and buying a liberal sized package for 25 cents. You'll relish it and feel rosy.

Cerena will cost you one cent a day.

At your Grocer's 25 cents a package.

The Cerena Milling Company  
Chicago, Ill.

# A DYING WOMAN

## Said That Man Pushed Her Out Of a Window

NEW YORK, July 20.—Prompted by a dying woman's accusations, the police early today searched for a man named Adam Hoffman or Hufman of Schenectady, N. Y., but after several hours' investigation were unable to obtain any trace of him. Mary Preck, 34 years of age, was found unconscious on the sidewalk in front of her home on West 48th street at an early hour. She died a few hours later after making the police say an ante-mortem statement accusing a man whose name she gave them of pushing her from the window of her apartments. The only arrest thus far is that of Harry Kerrigan also known as Preck and said to be the woman's husband. The woman fell to her death after returning from a social gathering in another apartment of the house where she resided.

ter making the police say an ante-mortem statement accusing a man whose name she gave them of pushing her from the window of her apartments. The only arrest thus far is that of Harry Kerrigan also known as Preck and said to be the woman's husband. The woman fell to her death after returning from a social gathering in another apartment of the house where she resided.

# AMERICAN GIRL

Miss Wanamaker is to Wed Count

PHILADELPHIA, July 20.—An announcement was made yesterday of the engagement of Miss Fernandina Wanamaker, daughter of Rodman Wanamaker, of this city, and Arturo Heeren, son of the Count and Countess Heeren, of Paris and Biarritz. Mr. Heeren has been a visitor to this city twice, and was the guest of honor at several small entertainments. He is one of several brothers and sisters, and spends most of his time at Biarritz, where the family has its principal residence.

Miss Wanamaker, who went abroad with her grandmother, Mrs. John Wanamaker, about a month ago, is still in Europe, and no date has been set for her return. She made her debut in this city December 11, 1906, at a tea given for her by her father at his town house, No. 1722 Spruce street. No date has been set for the wedding.

**WAS KILLED**  
MAN IGNORED POLICEMAN'S WARNING

PHILADELPHIA, July 20.—Albert E. Conit, 46 years old, of No. 452 E. 10th street, Brooklyn, ignoring a policeman's warning, crawled under the lowered safety gates at Ninth and Broad streets last evening and was struck by a North Pennsylvania passenger train of the Philadelphia and Reading Railway. He received injuries from which he died soon after he was received at the Roosevelt hospital.

Identifications were made by D. B. Ray, a shipping agent and banker, of No. 730 South Seventh street, Conit, it was learned, is an interpreter in the company of Kings County. He and his wife and three children came here yesterday. Conit started to find a place where his family could spend the summer. He rented a farm house at Vineland, N. J., and was on his way to a boarding house to inform his wife when the accident occurred.

**ON STRIKE**  
EMPLOYEES OF KOREAN ROAD QUIT WORK.

SEOUL, July 20.—Korean employees of the electrical street railway system in Seoul went on strike today. The property was recently transferred by the American company which built the lines to a Japanese syndicate. The strikers threaten to storm the offices of the syndicate and are only held back by a strong force of gendarmes.

**TENNIS TOURNAMENT.**  
BOSTON, July 20.—Play was resumed in the tennis tournament today on the courts of the Longwood cricket club with the finishing up of the matches in the second round followed by the opening rounds of the eastern doubles championship. The weather during the earlier part of the day was sunny and a cool breeze to temper the sun's rays. The match between William J. Clothier of Philadelphia, the former national champion, and R. C. Sawyer, Massachusetts singles champion for the past five years, which was postponed yesterday on account of the showers was the feature on the card of singles matches today and a sharp contest was expected.

The doubles championship which is generally the more spectacular and therefore the more interesting to the public was not expected to begin until the afternoon. This part of the tourney is of much importance to the followers of the game as the winners gain the privilege of meeting the teams representing the south and west in Chicago early in August. The victorious team will win an additional right to challenge the national doubles champions, F. B. Alexander and H. H. Hackett, at the Newport championship tournament.

In the doubles matches included many players of note. Interest was centered principally, however, on the match of William J. Clothier and W. S. Johnson of Philadelphia against M. D. Whitman and Dwight F. Davis.

**BOY DROWNED**  
LAST NIGHT WHILE SWIMMING TO WIN A BET

NEW YORK, July 20.—Raymond Burbank, Jr., son of a very wealthy wholesale oyster dealer, went in his bathing suit to the beach at Coney Island last night. What happened there is not known. It is believed that he was drowned. A boy who also lives at Coney Island, Raymond's cousin, was seen at the beach, and it is believed that he was the one who was drowned.

**THEATRE VOYONS.**  
Today is Grand Army Day at the Theatre Voyons and the members of the organization will be guests of the management at both afternoon and evening performances. The program of the Washington pictures, made up of the Washington pictures and other picture which will be a big hit is "The Picture Show," a story of the Civil War. There is a very funny comedy given on the bill and a full bill of the Grand Army Day and the Picture Show. The latter is a big hit and is really a picture of the war. The program will be continued today and tomorrow.

**ANNUAL CONVENTION.**  
BOSTON, July 20.—More than two hundred members representing the various and numerous branches of the American Loan Co. are gathered in the city today for the annual convention. The convention will be in session four days during which the business meetings will be held at the new exhibition building at the shore and a full bill of the Grand Army Day and the Picture Show. The latter is a big hit and is really a picture of the war. The program will be continued today and tomorrow.

# SIGN OF PROSPERITY

## Big Rush of Children to the Truant Commissioners

The truant commissioners report the largest number of children applying for certificates to go to work that have come before them in many years.

Annually when the vacation season opens there is quite a rush of children between the ages of 14 and 16 for certificates permitting them to go to work in mills and elsewhere. The law provides that any child 14 years of age or over who can read and write English may receive a certificate permitting him to go to work without further attendance at school. The truant commissioners examine the applicants and give out the permit.

Last year 251 such certificates were given out during the two months of July and August, whereas this year from June 19 to July 19, only one month the number of certificates given out was 475 and they are still coming.

A remarkable fact in connection with the granting of certificates is that 95 per cent. of the children who have applied are the children of American, English, Irish and French parents, and mostly native born, who have always spoken English, while there are only a few of them who had to learn English after coming here.

The truant commissioners take this great number of certificates to mean that the mills are employing him in great numbers and that every certificate granted means a job without delay or in other words that industrial prosperity is getting around again.

**THE JAPANESE**  
Send Out a Warning to Chinese

TOKIO, July 20.—The Kokumin, one of the most influential of the Japanese newspapers and which is generally regarded as the mouthpiece of Marquis Katsura, the premier, in matters pertaining to the government's policy in an article today discusses the situation between Japan and China and strikes a somewhat alarmist note. The article says:

"The Japanese government is exercising all possible patience but is not carrying its endurance to the point of sentimentality. Unless China's mood changes before the conclusion of the current month Japan will be obliged to assume a different attitude."

**OXYGEN USED**  
ON ATHLETES TO PREVENT ABUSE IN GAMES

NEW HAVEN, July 20.—Unique experiments have just been completed at Yale relating to the effect of athletes, mountain climbing and high altitudes in general upon the heart. The series was begun because of the collapse of Yale rowers in crew races in the past few years. They were ordered because the university authorities were determined that no more rowing candidates with unsound hearts should be allowed in the boat.

The most rigid physical examination ever given at any university followed before oarsmen and other athletes were allowed to become members of any Yale school. The examinations were conducted by Professor William G. Anderson, director of the Yale gymnasium, and they led him into fields of scientific research which will prove revolutionary and far reaching.

The condition of the hearts of hundreds of athletes who came from different schools and are engaged in college sports has been studied and an extended list of facts secured from which conclusions have been reached of the effect of athletics on the hearts of young men of school age. Comparisons have been made of the condition of students who take part in athletics with those who do not and those who come from preparatory schools where athletics are allowed with those who come from the preparatory schools where athletics are prohibited.

The report on this branch of the investigation will be announced in October.

Dr. Anderson has pursued the investigation into the field of the value of oxygen in athletics and its reliability in cases of dyspnea or difficult breathing and heart failure, whether caused by overexertion or by high altitudes.

**600 Persons in Tests.**  
More than six hundred persons have been the subjects of the experiments, and the tests related to skill, speed, endurance and strength. The most important experiments were made in Old Mexico during the Christmas vacation. In these cases oxygen was tested in climbing the two high volcanoes, Popocatepetl and Iztaccihuatl, which are each 15,000 feet high. Professor Anderson has just placed his report in the hands of Professor Russell Chittenden, director of the Sheffield scientific contests.

Some radical recommendations in regard to the continuance of certain Yale athletics may follow its publication. Joel Ellis Fisher, Jr., of New York City, a Yale sophomore, furnished funds for the expedition to Mexico and was a member of the party.

**HEARS HE'S DEAD**  
CONNECTICUT MAN RECEIVES CONDOLENCES OVER PHONE

WINSTED, Conn., July 20.—The report became current in Norwalk last night that Edward Spring had died of apoplexy while taking a bath. The Spring residence, in the outskirts of the town, has telephone connection, and villagers began to telephone their condolences to members of the bereaved family.

Mr. Spring, who was 70 years of age, died at his home in Norwalk, Conn., last night. He was a member of the party.

# NOT YET BUT SOON

## BIG BALLOON

PITTSFIELD, July 20.—The balloon which ascended this morning and sailed off through the air in a southerly direction carried besides Pilot William Van Sleet, the owner of the balloon, C. J. Fairfield of Rutland, Vt., and Oswald Tower of Westport, Me.

**BURNED TO DEATH**  
HAIR TONIC EXPLODED IN WOMAN'S HAND  
PHILADELPHIA, July 20.—Mrs. John J. Armour, wife of a broker at this city, died in a hospital yesterday as a result of burns received Sunday in the explosion of a bottle of hair tonic, at her home in North Clayton, N. J.

Mrs. Armour was holding the bottle near a gas flame, over which she had heated a curling iron. Suddenly the bottle exploded and the tonic caught her hair, and she was thrown by the blazing liquid all over her body.

If you want help at home or in your business, try 'The Sun-Want' column.

The New Bakery, Phone 1115-3, 135 CHELMSFORD ST.

# THE LAZYBUG

Health Boards to Fight Disease

WASHINGTON, July 20.—The hookworm or lazybug as it has been shown to exist in the southern states, according to investigations of the physical conditions of army recruits will form an interesting chapter in the forthcoming report of the surgeon-general of the army and probably will lead to a widespread effort on the parts of the boards of health in the southern states to eradicate this disease which a few years ago was brought prominently to the attention of the world in connection with the Porto Ricans. When the hookworm, the medical world as uncleanliness, was declared to be prevalent in Porto Rico resulting in a tendency to indolence on the part of the patient who otherwise appeared in usual health there was no suggestion that this peculiar parasite infected people in the United States. Through the careful methods that have been adopted in the United States army this disease has been shown to exist to a large extent.

This investigation has been progressing quietly during the last six or seven months, so that when Surgeon General Thorpe makes up his annual report he will have data to show the prevalence of the hookworm among soldiers enlisted from southern states. The recruits passing through the army depots at Port Stearn, New York, were examined to the number of one hundred and forty on hand and feet and of them being infected with the parasite West Virginia, Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama and Tennessee, all supplied recruits that were infected. In only two instances in this series of examinations was the anemia sufficiently severe to cause their rejection. After being treated all of the infected soldiers gained in weight and improved in condition generally.

Following this investigation of recruits it was discovered that anemia was a common disease throughout the southern states. Their rejection general may suggest the possibility of instituting some campaign against the disease in the south but under present conditions it is said but little can be done except through the agency of state government.

**CANOBIE LAKE THEATRE**  
The attraction at Canobie Lake theatre this week will be a lively musical comedy known as "A Night in Bohemia." The production is said to be one of the best in the repertoire of the Canobie Comedy company, and those who have already witnessed the work of this clever company give the numbers credit for being bright-singers, clever dancers and entertaining actors.

The improved theatre with its orchestra makes an ideal spot in which to rest and be amused while visiting the lake and the lessers. Messrs J. Fred Lees and John F. Adams have made every possible effort for the comfort and amusement of their patrons.

This week's show should be a large attendance if the weather is favorable. The performances take place twice daily at 2.15 and 8.30 p. m.

**FIRE SALE**  
—OF—  
Paints, Wall Papers, Varnishes, Brushes, Enamels, and a large stock of articles carried in first class paint and paper hanging stores.

Goods but little damaged but must be sold at once. The prices are the lowest ever.

155 Chelmsford St.

**STAR THEATRE**  
"Amateur Night." This means "a laugh a minute." Tonight everybody from David Warfield to Daniel Ryan will be impersonated by the would-be thespians at the Star theatre. There are dancers, singers, magicians and all kinds of entertainers. Besides the regulars there will be a young army of volunteers all of whom come to the theatre to see their names on the bill-boards.

New pictures will be shown tomorrow, including "Joan of Arc."

The story of "Joan of Arc" was recently depicted at the Harvard stadium by Maxie Adams and a big company and was a popular spectacle.

If you want help at home or in your business, try 'The Sun-Want' column.

**A SIGN OF THE TIMES**  
We deplore the inconvenience to our customers by the closing of the Sunlight Shoe Store, 100 Central street, Wednesday and Thursday of this week during alterations. A visit to our store after the alterations are completed will convince you of their necessity. You know our shoes? Their quality and style are second to none. The last three years (uncle years) have been the best in our history. The reason for this is clear. Watch Thursday and Friday papers for further particulars.

**SUNLIGHT SHOE STORE**  
100 Central St. James Coughlin

**Our Quick Loans**  
Solved the money problem  
A man owed \$25 to five different people. He was earning a salary of only \$20 per week, and was being constantly harassed by his creditors, who could not wait to wait until he could raise enough out of the small income to pay the whole amount he owed them. To him it seemed impossible to comply with their demands until he read of the American Loan Co. He called on the company and got the money he needed paid for his creditors in full and he was free of all his troubles. He is now earning \$100 per week in repaying the loan. Call in and see us; we will explain to you our modern system.

**AMERICAN LOAN CO.**
